Lente en braaivleis in die lug

Ons voorbladnoui dié week is Mej Noordwester, Andrea Rheeder wat die prag van lente waardeer het tussen die mooie blomme in die agtergrond. Ons vier op 24 September ook Erfenisdag (Braaidag) wanneer families rondom braaivleisvure verenig. Kry betyds jou vleisie en hout reg om die dag in die buitelug te geniet.

Spertyd vervroeg

NOORDWESTER – LICHTENBURG – Ons lesers en adverteerders word daaraan herinner dat ons spertyd vir nuus, foto's en advertensies vervroeg is na Dinsdag, om 16:00 as gevolg van Erfenisdag wat op 24 September 2020 gevier word. Die Noordwester se kantoor sal dus op die dag gesluit wees. Verspreiding sal op Donderdag gedoen word by winkels wat oop is en sal Vrydag op straat ook te koop wees.

Kolonel ontvang erkenning van Nasionale Kommissaris

Kol Willem Bekeer, stasiebevelvoerder van die SAPD in Lichtenburg, was verheug toe hy onlangs erkenning van die Nasionale Kommissaris ontvang het nadat hy sy lewe in gevaar gestel het tydens 'n gewapende rooftog. Hy het 'n persoonlike bedankingsbrief en 'n kontantbedrag ontvang. Kol Bekeer het gesê dit is 'n eer om van sy nommer een hoof erkenning te ontvang "terwyl hy nog lewe."

Hierdie week se wesies

Hierdie fraaie wyfiekatte, almal gesteriliseerd soek dringend goeie huise. Hulle is tans in die sorg van die Lichtenburg Dierewelsyn en u kan hulle daar aanneem.

Cecil is 'n gekastreerde Fox Terrier reu wat smag na 'n liefdevolle huis waar hy sy gesin kan beskerm. Skakel die Lichtenburg Dierewelsyn by 0713139248 om enige van die diere aan te neem.

Lichies Omgee vra hulp met skoonmaak

Die vorige groep vrywilligers wat gehelp het om die dorp skoon te maak na afloop van die projek.

NOORDWESTER – LICHTENBURG – Op Saterdag, 19 September ruk Lichies Omgee se span weer op om ons dorp skoon te maak. Individue is welkom om te help.

Die groep begin om 07:00 by Black Steer. Elkeen word versoek om sy eie water, handskoene en broodjies asook maskers te bring en sosiale distansie te handhaaf! Lichies Omgee droom groot. Die instansie wil baie graag goedkoop verblyf bied aan bejaardes, wat slegs pensioen-gelde verdien. Hul wil graag oor 'n huis beskik waar mense kamers kan deel, waar die vrywilligers ook kan werk om ons gemeenskap se mense te versorg, kos te maak en skoon te maak. Persone met omgee-harte wat dalk die passie deel om ons mense te help word versoek om vir Jeanette by 0824112658 te skakel in verband met 'n beskikbare huis, of meubels ens. wat aangewend kan word vir so 'n Lichies Omgee-huis.

Spiedhobbels aangebring

Verskeie spiedhobbels soos die een op die foto is op Ferdi Hartzenberg rylaan wat aangrensend aan die eertydse Lichtenburg Wildteëlsentrum is, aangebring deur 'n plaaslike vervoermaatskappy. Inwoners van woongebiede naby die pad was moedeloos met trokke wat dag en nag op die pad verby hul wonings gejaag het en stofwolke het gereeld in die lug gehang. Die hobbels wat taamlik hoog is, het beslis die spoed van verkeer op die pad baie laat afneem.

Onwettige plakkers verwyder

NOORDWESTER – LICHTENBURG – Onwettige plakkers wat sinkhuise tussen Boikhutso en Lovedalestraat opgerig het, is Maandag deur die Balju en die Openbare Orde Polisie verwyder.

Volgens Kolonel Willem Bekeer, stasiebevelvoerder van die Polisie op Lichtenburg, het die Ditsobotla Munisipaliteit ‘n afsettingsbevel by die Hooggeregshof in Mmabato bekom wat die opdrag aan die Lichtenburg SAPD en Balju gegee het om alle onwettige plakkershutte daar te verwyder. Die gemeenskap het hulle verset en die ingang van Boikhutso versper. Hulle het ook ‘n afleweringstrok aan die brand gesteeek waarvan die bestuurder ongedeerd is. die situasie is gespanne en die polisie is op die toneel.

Op die foto’s kan die proses om die onwettige plakkershutte af te breek gesien word, asook die afleweringvoertuig wat by die ingang van Boikhutso deur ontstoke lede van die gemeenskap aan die brand gesteeek is, om hul misnoeë te kenne te gee met die verwydering van plakkershutte.

Twee verdagtes vas vir moord

NOORDWESTER – LICHTENBURG – Die Lichtenburg Polisie het verlede Sondag op die lyk van die drie-en- twintig-jarige Kagiso Gift Motula afgekom in ‘n oop stuk veld naby Boikhutso.

Volgens Kol Willem Bekeer, stasiebevelvoerder van die SAPD in Lichtenburg, was dit duidelik dat hy erg aangerand en dood gewurg is. Op daardie stadium was daar geen verdagtes nie en Speurder Sersant Mogapi, Sersant Metsing en Konstabel Tabane het onmiddelik met die ondersoek begin.

Hulle onverpose soektog het Dinsdag gelei tot die arrestasie van twee verdagtes in die saak. Die plaaslike speurtak het Dinsdag ook vroeg begin met verdagte opruiming en veertien ander verdagtes wat betrokke was in aanrandings, verkrachtings en diefstal, insluitende die twee vermeende moordenaars is deur hulle gearresteer.

Kol. Bekeer waarsku kriminele om lig te loop, die arm van die gereg is lank en die Lichtenburg Speurders is kort op julle hakke!

Polisieman met mes gesteeek

Konstabel Mashaba van die polisie op Lichtenburg is verlede Vrydag met ‘n mes in sy gesig gesteeek nadat hy tydens sy diensbeurt gesien het hoe twee persone in die straat in Kieserville baklei. Uit vrees dat hulle mekaar sou doodmaak, het hy tussenbeide getree om hulle te stop. Een het skielik omgeswaai, hom aangeval en met die mes in sy gesig gesteeek.

Nog ‘n moordenaar vas na vyf jaar

NOORDWESTER – LICHTENBURG – Op 5 Oktober 2015 is die half naakte liggaam van die 24-jarige Dorcas Kgontso Kgamanyane in ‘n oop stuk veld naby Boikhutso gevind. Sy was 30 keer met ‘n skerp voorwerp in die nek en lyf gesteeek. Dit was ook duidelik dat sy seksueel aangerand is.

‘n Saak van moord en verkragting is aanhangig gemaak en twee gesoute speurders, Kaptein Ten Cate en Adjudant Offisier Du Preez is aangewys om die ondersoek te doen. Na deeglike forensiese ondersoek is die oorledene se halfbroer Dinsdag in Klerksdorp gearresteer. Die 33-jarige verdagte moet weer op Dinsdag, 22 September 2020 in die hof verskyn. Kol. Bekeer, stasiebevelvoerder van die SAPD in Lichtenburg het gewaarsku dat daar nou weer noukeurig na alle “koue” sake gekyk word. “Geen moordenaar verdien om op vrye voet te wees nie en ‘n toegewyde taakspan is aangestel om onder andere “Tee en Koffie Operasies” uit te voer, wat beteken dat alle vorige oortreders weer noukeurig gemonitor en her ondersoek word. Lichtenburg moet skoon verklaar word,” het hy gesê.

TLU SA Kongres ondersoek nuwe aanslag tot landbou

NOORDWESTER – LICHTENBURG – Landbou in Suid-Afrika, maar ook in die wêreld, staan op die kruin van ‘n nuwe aanslag. Dit was ook die oorweldigende boodskap en tema tydens TLU SA se jaarlikse kongres wat die afgelope week aangebied is.

As gevolg van die inperking is die kongres vanjaar vir die heel eerste keer virtueel aangebied en streke en affiliasies kon via Zoom inskakel. Die uittredende president, mnr. Louis Meintjes het ‘n beroep gedoen op boere om meer betrokke te raak om die voortbestaan van landbou te verseker. “Ek dink die kritieke vraag is: “ Word jy deel of bly jy agter?” Verander jy of stagneer jy? Raak jy meer winsgewend of raak jy bankrot?” Die hoofspreker van die kongres, Prof. André Duvenhage, die Navorsingsdirekteur van Sosiale Transformasie by die Noordwes Universiteit het hierdie gedagte bevestig. “Omstandighede gaan vorentoe heel waarskynlik moeiliker raak,” het hy gesê. “Die boerderygemeenskap is op hulself aangewese en selfhelp en selfbestuur lyk na ‘n aangewese oplossing.” Hy het verder gewaarsku dat die wysiging van Art. 25 oor grondonteiening sonder vergoeding noodwendig sal

voortgaan en dat groepe soos die BLF en EFF die reg in eie hande kan neem om grootskaalse anargie te veroorsaak. “Dit is nou die tyd om by mekaar te staan en mekaar te ondersteun,” sê hy. Bou brûe na mekaar as landbou-organisasies. Bou brûe na mekaar as landbouers. Dit is ook die tyd om met alternatiewe planne na vore te kom. Dit is die uitdaging van die nuwe leierskap van TLU SA om aan te pas by die veranderende omstandighede om relevant te bly in fundamentele sake, en om die belang van boere te bevorder op elke terrein van die samelewing.” Tydens die verrigtinge is mnr. Henry Geldenhuys (vorige adjunk-president) verkies tot die nuwe president van TLU SA. “Dit is vir my ‘n eer en ‘n hoogtepunt, maar dit gaan oor TLU SA,” het hy gesê. “Saam sal ons TLU SA tot nuwe hoogtes neem.” Mnr. Wannie Scribante (vorige voorsitter van die Sentraal streek) is verkies as die nuwe adjunk-president.

Noordwes Munisipsliteite ‘n nagmerrie

NOORDWESTER – LICHTENBURG – Die Noordwes provinsie het uiteindelik aan die Nasionale Raad van Provinsies verlag gedoen oor die stand van die bestuur in die provinsie se 23 munisipaliteite en dis glad nie ‘n positiewe prentjie nie, dis inderwaarheid ‘n totale verleentheid.

Ten spyte van die haas ondenkbare onkunde en leuens van die ANC (die ANC het volstrekte meerderheid in elkeen van die 23 munisipaliteite), het daar eintlik geen tasbare of prakties implementeer bare plan ter verbetering van die regerende party gekom nie, asook geen teken van behoorlike, gestruktureerde straf aan oortreders of selfs die geringste erkenning dat dit die ANC is wat die probleem is in Noordwes.

Van die 23 munisipaliteite is 14 tans onder administrasie of was tot baie onlangs. Noordwes se onvermoë blyk daaruit dat dit die enigste provinsie nog is waarvan alle funksies op hul beurt onder administrasie geplaas is.

Op die hoek van Lang- en Bergsmastraat word die verbyganger begroet deur hope vullis wat daar op die leë erf gestort word. Die erf grens aan die Lich-Help huis van die Mev. Lichtenburg Elegant Organisasie. Inwoners gee nie meer om waar hulle hul vullis afgooi nie en die probleem raak al hoe erger in die dorp. Oorgroeide erwe is ook ‘n bron van probleme want misdadigers het daar wegstroep. Kan eienaars van leë erwe aandag aan die probleem skenk en ander inwoners in ag neem?

Nog vullisprobleme

Na aanleiding van die storting van vullis by die Eufeessdam het een van die inwoners van Le Rouxweg die foto ingestuur hoe tuiniers daar tuinafval onwettig stort in die park en langs die Dauth Roodedam. Dit lyk of niemand meer omgee hoe die natuur belemmer word met vullis van enige aard nie. Inwoners ry glad nie meer na die asgate nie en stort dit oral in die dorp.

lekkerrr... BILTONG

GAME VS BEEF

Biltong has long been recognised in South Africa as the perfect accompaniment to arduous hunting trips, mountaineering expeditions and sitting through a rugby game. In terms of a health and convenience for those with an active lifestyle biltong has some considerable advantages. Easy to store, lightweight, packed with nutrition and protein it's perfect for long trips that require energy and stamina. In terms of being a healthy choice, biltong is an excellent low fat snack and is versatile enough to be used as a base for soups and stews. When it comes to the choice between game and beef versions of biltong this is, in many cases, one of taste. Nutritionally both versions are an excellent source of protein. The levels of fat in meat is affected by the cut, although wild game is nearly always lower in fat content than beef. Typical values for protein, fat and calorie content for these competing animals is shown below.

Source: weightlossforumreview.blogspot.com

Beef

Probably the best well known biltong outside South Africa this provides, per 25 gram portion, 60 calories, with 1.3 grams of fat and 11.5 grams protein

Game

Springbok, less well known to non-South Africans, the Springbok is an extremely successful species of antelope, successful in the sense that it has one of the largest growing populations despite being very tasty indeed. Per 25 grams this variety contains 58.5 calories, with 0.2g of fat and 13.3g or protein.

Ostrich

Classed as game but most commonly sourced from farmed birds, this variety also offers a healthy option - if not for the farmer trying to catch it. Providing 57.3 calories with only 0.6g fat and 12.2g of protein.

Did you know...

Biltong is also an exceptionally rich source of iron, a nutrient that many people around the world are lacking. Although the exact nutrients depend on the specific brand and ingredients, the nutrition profile of a 28-gram serving of beef biltong is Calories: 80 . Why does your body need iron? Iron is an important component of hemoglobin, the substance in red blood cells that carries oxygen from your lungs to transport it throughout your body. Hemoglobin represents about two-thirds of the body's iron. If you don't have enough iron, your body can't make enough healthy oxygen-carrying red blood cells.

The perfect cut for biltong?

However, biltong is most commonly made today from beef, primarily because of its widespread availability and lower cost relative to game. For the finest cuts, fillet, sirloin, or steaks cut from the hip such as topside or silverside are used. Other cuts can be used, but are not as high in quality.

Mini cheese and biltong quiches

Ingredients:

- 2 rolls ready-made shortcrust pastry, defrosted
- 30 ml butter
- 1 large onion, finely chopped
- 100 g thinly shaved or finely chopped biltong
- 3 large eggs
- 375 ml milk or cream or a mixture

Method:

Preheat oven to 160°C. Roll the pastry out lightly and use a cookie cutter or something similar to cut circles out of the pastry to fit mini quiche or muffin tins. Line the tins with the pastry. Bake blind for 10 minutes. Heat the butter and sauté the onion until soft. Spoon a little into each pastry case. Top with biltong and cheese. Mix the eggs and milk together in a jug. Pour into the pastry cases until they are almost full. Bake in a preheated oven for 12 to 15 minutes or until set.

DIE VOEDINGSWAARDE VAN BILTONG

Die voedingswaarde van biltong Biltong is 'n gunsteling, eg Suid-Afrikaanse peuselhappie en gewoonlik deel van elke braai- of rugbywedstryd oor 'n naweek. Het jy geweet dat biltong, behalwe dat dit heerlik is, ook goed is vir jou? Ons gesels met dieetkundige, Anke van Waveren oor dié heerlike happie.

“Wanneer daar gekyk word na die voedingswaarde van verskillende voedselsoorte met die oog om dit met mekaar te vergelyk, is dit die maklikste om soortgelyke porsiegroottes, te vergelyk. Die aanbevole porsiegrootte as versnapering vir biltong is 'n ½ koppie, of ongeveer 45g.”

Biltong bevat ongeveer 70% proteïene en baie min koolhidrate. As dit by biltong kom, is vet die groot veranderlike. Dit beteken jy kan biltong met baie vet koop of biltong met min vet. As daar baie vet is, gaan daar minder proteïene wees. Die hoeveelheid koolhidrate sal dieselfde wees, want dit kom van die speserye.

Proteïen word gebruik om jou gesond te hou. Jou liggaam gebruik proteïene om boustene te voorsien vir groei en om selle soos in jou spiere, vel en naels te herstel en dit maak ook ensieme en hormone wat belangrike liggaamsfunksies verrig.

“Kreatien word in die lewer gemaak van aminosure en help om die energie wat jou spiere benodig vir alledaagse aktiwiteite te voorsien en gee jou spierkrag tydens oefening. Daar word daaglik ongeveer twee gram kreatien deur urine verloor en ongeveer een gram per dag word in die lewer bymekaar gebring, terwyl nog 'n gram uit die dieet in die vorm van vleis of vis gekry word. Vleis is een van die primêre bronne van kreatien. Volgens Quinipiac Universiteit het beesvleis ongeveer een gram kreatien vir elke 30-60g vleis.”

Van Waveren verduidelik, die aanbevole

inname van yster wissel daaglik tussen 8 - 27 mg, afhangend van die persoon se geslag en ouderdom. Dit word egter aanbeveel dat jy nie meer as 45mg yster eet nie. Honderd gram biltong bevat 4,6mg yster, en as jy geen ander kos wat yster bevat eet nie, sal 200-400g biltong jou voorsien van al die yster wat jy benodig.

“Yster is 'n mineraal en vervoer suurstof na die verskillende liggaamsdele. Lae ystervlakke kan jou moeg, bleek en prikkelbaar maak. Sout is die alledaagse term wat ons gebruik vir 'n chemiese verbinding genaamd natriumchloried. Elke gram natrium word na 2,5g sout omgesit. Ons benodig klein hoeveelhede natrium en te veel kan die risiko vir hoë bloeddruk en hartsiektes verhoog. Die meeste volwassenes benodig slegs 1 500mg natrium per dag. Om die risiko van chroniese siektes te verminder, beperk jou inname tot ongeveer een teelepel sout per dag. Dit bevat reeds die sout wat jy aan tafel of tydens die kosmaakproses gebruik. Ongeveer 75% van die sout wat ons eet word reeds bygevoeg by die kos wat ons koop.”

Biltong word met sout bewaar, maar dit is nie die enigste bestanddeel wat by vleis gevoeg word om biltong te maak nie. Daar is verskillende resepte en klaargemaakte speserye beskikbaar met verskillende hoeveelhede suiker, asynsuur, kruie en speserye wat daarby gevoeg is en moontlik 'n preserveermiddel en geurmiddel van twee.

“Met ongeveer 6,3 g koolhidrate per 100g biltong en 'n glukemiese hoeveelheid van vier, kan biltong as versnapering of die proteïene deel van jou maaltyd deel uitmaak van 'n gesonde maaltyd vir iemand met diabetes. Dit is egter belangrik om jou totale soutinname dop te hou en om biltong met minder vet te kies vir algehele gesondheid en welstand.”

Making an impact beyond earth

Mark Shuttleworth

Staying in space, Mark Shuttleworth, born in Welkom in 1973, became the first South African to visit space when he bought himself a \$20 million ticket on board a Russian spacecraft in 2002.

Shuttleworth had to train in Star City, Russia, and in Kazakhstan for the mission aboard a Soyuz capsule to the International Space Station (ISS).

He spent eight days aboard the space station, where he conducted scientific experiments on behalf of South Africa.

But how did he get it right?

Shuttleworth was a student at the University of Cape Town in 1995 when he founded Thawte, a consulting firm that became a world leader in internet security for e-commerce. He sold the firm to the U.S. based company VeriSign in 1999 and invested the profits in founding a venture capital firm and a non-profit organisation which funds education initiatives in Africa.

Proudly SOUTH AFRICAN facts to know

1 The only street in the world to house 2 Nobel Peace Prize winners is in Soweto. Nelson Mandela and Archbishop Desmond Tutu both have houses in Vilakazi Street, Orlando West. SA ranks 7th in the world in terms of number of Nobel Peace prizes. (Source: Economist 2020).

2 Cell phones by the numbers: Roughly 39 million adult South Africans own or use at least one cell phone, and 27 million of these use a smartphone. Service providers Vodacom, MTN and CellC account for 43%, 34% and 16% of the market share respectively. (PAMS 2019).

3 The 10 countries with the most tourists visiting South Africa are the UK, USA, Germany, the Netherlands, France, China, Italy, Australia, India and Spain. Visitors from these countries accounted for 75,2% of all tourists from overseas countries.

4 Table Mountain was named one of the New 7 Wonders of Nature in 2012.

5 Cost of Living: The Economist Cost of Living Index, which measures 185 countries worldwide, ranks SA #168 the 'lowest'. 'Highest' is France at #1; Switzerland #4; Australia #10; UK #15; New Zealand #22. Lowest is Venezuela at #185.

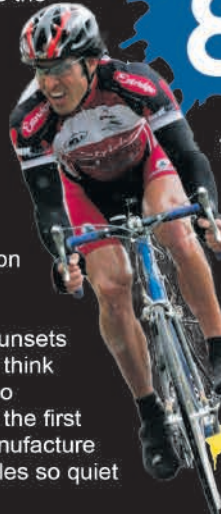

both humans and animals are taken by surprise. Cheetah Plains Private Game Reserve's Japie van Niekerk had the light bulb moment when driving on an electric golf cart. The prototypes can reach a speed of up to 50km per hour and are powered by Tesla batteries.

6 South Africa has the highest level of international tree plantation certification in the world. Over 80% of South African plantations are certified by the Forest Stewardship Council (FSC). (Source: Paper Manufacturers Association of South Africa).

7 Think game drives, sunsets and animals and you think South Africa. It is therefore no surprise that SA was one of the first country's in the world to manufacture electric game-viewing vehicles so quiet

8 Races in our Country South Africa is home to the world's largest individually timed cycle race (the Cape Argus Cycle Race), the world's largest open water swim (the Midmar Mile) and the world's largest ultra-marathon (the Comrades Marathon).

9 The Western Deep Level mines are the world's deepest, reaching depths of almost 4km.

Country of possibilities: SA INVENTIONS

SA roots that went above the norm

Elon Musk

Musk, born in South Africa in 1971, is best known for his Tesla electric sports cars. However, on 30 May 2020 his company SpaceX launched a Falcon 9 rocket carrying the company's Crew Dragon spacecraft and NASA astronauts Robert Behnken and Douglas Hurley from the Kennedy Space Centre in Florida, USA. It was not only the first time the company had attempted a manned launch, it was also the first time in nearly a decade that astronauts had launched from American soil with American rockets. Musk (48) is known for his "high risk and high rewards" business approach. For him this was just the start as he is believed to be planning to build a habitable city on Mars.

South Africa has a proud history of great innovations and excellent ambassadors, recognised internationally for their work. Nelson Mandela said: "Our daily deeds as ordinary South Africans must produce an actual South African reality that will reinforce humanity's belief in justice, strengthen its confidence in the nobility of the human soul, and sustain all our hopes for a glorious life for all." The Covid-19 pandemic has brought the South African economy to its knees and it will take a combination of great leadership and deep commitment from each and every citizen to help the country get back on its feet. As we mark Heritage Day 2020 we reflect on the greatness that has come from our shores in the hope that this will inspire the nation to press on with renewed confidence and enthusiasm:

Heart Transplant

In 1967 the head of the Cardiothoracic Surgery Department at Groote Schuur Hospital was Professor Christiaan Barnard. Born and bred in the Karoo, he went on to become a highly skilled and dedicated surgeon, one of the most famous cardiac surgeons of our time. On 3 December 1967, Barnard transplanted the heart of accident victim, Denise Darvall, into the chest of 54-year-old Louis Washkansky. Washkansky regained full consciousness and was able to talk with his wife before dying of pneumonia 18 days later. The theatre where this ground-breaking transplant was performed has been turned into a museum in honour of these pioneers of medicine, and the first donor and recipient.

CAT Scan

his associate Godfrey Hounsfield. He provided the mathematical technique for the CAT scan, in which an X-ray source and electronic detectors are rotated about the body and the resulting data is analysed by a computer to produce a sharp map of the tissues within a cross-section of the body. This resulted in a Nobel Prize in Physiology and Medicine.

Kreepy Krauly

This iconic pool vacuum was the brainchild of Ferdinand Chauvier from Springs. Chauvier tried to figure out a way to take the hassle out of pool cleaning and the result was the invention of the Kreepy Krauly in 1974.

Q20

Q20 was invented in 1950 in Pinetown, KwaZulu-Natal by a Mr Robertson, as a product to displace water from the distributor caps on the old VW Beetle, which was notorious for stalling in wet weather. It was an effective water repellent, kept rust at bay, eased squeaky door hinges, and made it easy to release rusted or seized nuts and bolts. Initially he did not know what to call it but he told his neighbour that it certainly had 20 answers to 20 questions and so the miracle fluid was named. The secret behind Q20 is that it is heavier than water. Since oil floats on water, simply oiling the area will not resolve the problem.

The dolos tames the ocean

The dolos is a South African invention in which interlocking blocks of concrete are used to protect seawalls and preserve beaches. Due to its three-dimensional shape and the spaces between the solid concrete pods, a dolos dissipates the energy of the waves. They were the invention of East London harbour engineer Eric Merrifield after a storm ripped into the Eastern Cape coast in 1963 and tore off 60% of East London harbour's armour.

Oil-Can guitar

OK, this is a fun one. In 2001, engineer and avid guitarist Graeme Wells of Cape Town wanted to make silly tin guitars to sell as cheap souvenirs. Using mostly five-litre oil cans and bottle tops, he created guitars that can actually be played, unlike most other scrap-metal instruments. Their popularity rose, and they went on to be used by the likes of top South African jazz musician Jimmy Dlodlu and international band, UB40. It has cleverly been dubbed by some as the "Afri-can" guitar!

Funeral undertakers embark on strike

NOORWESTER - LICHTENBURG - The national department of Health has expressed concern over a planned strike by a group of funeral parlours.

The funeral undertakers are threatening to stop the collection of human remains from private and public health facilities due to alleged unfair practices.

According to Popo Maja, spokesperson of the national department of

Health, the department arranged several meetings - two virtual meetings in August and one physical at the beginning of September. Maya added that these meetings were as a result of an open letter by the National Funeral Practitioners of Association of South Africa. The spokesperson further added that the Department would like to emphasize that:

* All funeral undertakers and mortuary premises used in connection with the preparation, storage and preservation of human remains must be in possession of a valid certificate of competence issued by the relevant local authority.

* Environmental Health Practitioners are and will continue to conduct inspections in all funeral undertakers' premises in the country to check compliance to the Regulations.

Legal action will be taken against owners of premises found to be in contravention.

* Family members are urged to check the legitimacy of the undertakers and agents being utilized for overall management of the burial of their loved ones to ensure proper tracking and tracing and that the handling of the remains is done with dignity and within the law.

* Environmental Health Practitioners in District and/or Metropolitan Municipalities can be contacted for assistance on any issues relating to the management of human remains and for advice to ensure compliance to the Regulations. Maya said the department call upon members of the public to report any illegal operations to ensure the public can be protected from potential risks and the spread of communicable diseases as a result of poor management of human remains. “We will not allow non-compliance to legislation in this sensitive area. The Department of Health is willing to continue with talks with the funeral parlour sector to come to an amicable solution,” Maya concluded.

Beware of Nursing Bursary Scam

NOORWESTER - LICHTENBURG - While the North West Department of Health, through its North West Nursing College has advertised their bursary for a three-year Diploma in Nursing, they would also like to warn applicants to be vigilant of scams doing the rounds here in the North West Province.

They would like to warn communities to avert scamming and fraudulent activities.

“Previously, a lot of people have been scammed by fraudsters posing as recruiters of the department. Sadly many aspirant learners have lost money as a result of this. It is therefore important that the community should not accept any information regarding intake of students that requires any payment

to be done before the person is considered," the department said. The applicants are advised to personally submit the forms to the college and are advised not to allow anybody to collect forms on their behalf using the name of the college. The Department does not sell application forms nor does the Department expect learners to pay for the bursary or placement at the college.

SASSA online grant application portal launched

NOORWESTER - LICHTENBURG - Social grant applicants can now skip long queues thanks to the new South African Social Security Agency (SASSA) online portal launched on Monday (14 September).

SASSA said for now, the pilot project will cover Child Support, Older Persons and Foster Child grants.

They said the move will provide much-needed relief to grant applicants as it will save them the inconvenience of standing in queues at SASSA offices. “The added

advantage is that the convenience of online applications eliminates the risk of being infected with the COVID-19 virus because there will be no need to gather at public places to apply,” SASSA added.

Applications can be lodged on <https://services.sassa.gov.za>.

Inwoners verstik in riool!

Die Redakteur,
Gereeld word daar gekla oor die swak dienste van die Stadsraad, maar die dienste verswak net verder en nerens is daar enige verbetering te bespeur nie. Na meer as ‘n week sonder elektrisiteit, is daar weereens kragonderbrekings na net drie dae van elektrisiteitvoorsiening.
Ek het ‘n gereelde probleem met riool wat verstop.
Die verstopping is in die hoof rioollyn in Mimosa laan, maar omdat my huis die laagste punt op die grond oppervlak is, loop die riool by een van die riool -openinge uit in Sarel Celliers straat...en dit is nie eers my riool nie!
Tydens skooltermynse verstop die riool bykans weekliks. Ek het op Vrydag, 11 September om 08:40 die riool verstopping aan die geadverteerde Munisipale Diensleweringsommer, deur middel van WhatsApp gestuur maar die boodskap is drie dae later nog steeds nie deur hulle ontvang nie! Die battery is seker pap met al die kragonderbrekings!
Ek het ook verlede Vrydagoggend aan mnr. April die verstopping telefonies gerapporteer. Hy het belowe om die verstopping oop te maak, maar weereens het daar niks van gekom nie.
Verlede Saterdag oggend het ek weereens die verstopping aan mnr. April gerapporteer, maar steeds geen diens nie en intussen moet ek met ander se gemors en stank in my erf sit! Die toilette kan nie meer spoel nie en loop bykans oor wanneer hulle wel gespoel word. Ons spoel slegs een keer op ‘n dag die toilet en het twee dae laas gestort. ‘n Trekker laaigraaf moet dringend die werk kom doen om by die probleem uit te kom maar dis blykbaar te veel gevra.
Intussen moet ek in die onaanvaarbare toestand bly wat beslis uiters onhigiënies is.
Mike

DR. BOMBO

AFTER 12 YEARS OF SUFFERING

I and my family had everthing and life was good but my friend fell in love with my husband, then later he divorced me too and left the kids with me to suffer, I visited traditional healers for help, money was wanted but no results. Luckily a friend of mine took me to **Dr. Bombo** who had saved his son from drugs and alcohol abuse, I paid R200 consultation free, she accurately read my fortune and told me all my problems without me mentioning a word. **Dr. Bombo** performed special prayers for me, cleansed me from bad spell. After prayers my ex-husband came back home asking for forgiveness and we got remarried.

DR. BOMBO HAS ALSO HELPED MANY PEOPLE IN THE FOLLOWING PROBLEMS.

Financial diffieulties, lack of children, poverty, employment, court cases, business, lost love, family problem. Education, marriage, health (sickness), foreign trips, sexual problems, job, relationship, etc.

Don't Hesitate To Visit Dr. Bombo Now

Toets nou jou vernuf aanlyn!

NOORDWESTER – LICHTENBURG – Weekliks hou die Noordwester se blokraaisel en Sudoku baie pret vir honderde lesers in, en natuurlik is daar dan ook weekliks 'n handige prysgeldjie op die spel.

Nou kan jy egter in Timbuktu sit en die blokraai en/of Sudoku AANLYN voltooi en die kans staan om die prysgeld te wen. Indien jy reeds 'n aktiewe, betaalde subskripsie het, kan jy net die Blokraai of Sudoku PDF op ons webwerf www.noordwester.co.za aflaai – en siendaar!

Sodra jy op die webwerf land, volg dié stappe: As jy op jou selfoon werk, laai jy die pdf af deur op die "News"-blokkie te klik en kies "Latest Issue". Dan kry jy die opsies van Noordwester Main Body, Noordwester Classifieds, Noordwester Properties, Noordwester Crossword, Noordwester Sudoku. Jy kies dan by Crossword of Sudoku die "Download pdf" – opsie. Daarna maak jy net die pdf oop en tik jou antwoorde in – dis al.

As jy op jou rekenaar is, klik jy net heel regs op "Latest News" – en volg dieselfde stappe soos bo verduidelik. Dis dalk raadsaam om Adobe Acrobat Reader op jou rekenaar/selfoon te laai – dit vergemaklik net die proses. Sodra jy jou blokraai of Sudoku voltooi het, druk jy net op die "submit"-knoppie en kies een van die twee opsies wat jou rekenaar toelaat om jou aanlyn-inskrywings te e-pos. die adresse waarheen jy jou inskrywings stuur, is crossword@noordwester.co.za of sudoku@noordwester.co.za.

Let wel, jy stuur die blokraaisel of Sudoku wat jy aanlyn voltooi het – nie 'n fotostaat of skandering van die koerant se blokraaisel of Sudoku nie. Gaan besoek gerus ons webwerf en gaan toets jou vernuf!

There will be a 30 (thirty) day commenting period from the date of publication of this notice during which comments can be directed to the Environmental Practitioner (details below).

THE NATURE AND PURPOSE OF THE REQUEST

AfriSam’s Dudfield Operation is located on the remaining extent of the farm Dudfield 57 IP, approximately 18 km West of Lichtenburg in the North West Province.

AfriSam applied for postponement with the National Environmental Management: Air Quality Act’s 2020 pollution limits during 2019, which has subsequently been granted, with extension to adhere to the limits set for 2025.

As a result of the approval of the postponement AfriSam is required to apply for a variation to its current AEL for the production of cement using alternative fuels and resources reflecting the emission limits as reflected in the postponement letter.

PARTICULARS OF THE LISTED ACTIVITY

Listed activity, “Cement Production (using alternative fuels and/or resources)”, sub-category 5.4 of Government Notice Regulation 893 of 2013 is currently undertaken at the AfriSam Dudfield Operation. Therefore, this is not a new activity, but a variation to the allowable emission limits which will last until 2025, by which time the Dudfield Operation would have to implement measures to achieve the 2020 emission limits as stipulated in the aforementioned regulation.

I&APs have 30 days after the publication of this notice to lodge any comments formally with the Dudfield Operation’s Environmental Practitioner at the following particulars:

Total Agri 400 this weekend

NOORDWESTER – LICHTENBURG – The Total 400, round three of the 2020 South African National Cross Country Series (SACCS) that takes place this weekend (18 and 19 September) from NAMPO Park in the Bothaville area of the Free State, could see new winners in all the categories and an extremely exciting race is on the cards.

The names of a few dark horses appear on the entry list and if the championship standings had a look of being settled halfway through the season, things might just look totally different when the teams return home from the Free State.

The event, that takes the SACCS spectacle to Bothaville for the very first time, is a level playing field for all and with only a double-header, round four and five, still remaining in the shortened 2020 season, the TOTAL AGRI 400 will play an important role in the outcome of the various championships as well as the overall standings in the Production and Special Vehicle Categories.

In the Production Vehicle Category, the season's double winners, Henk Lategan/Brett Cummings (Toyota Gazoo Racing SA Hilux) will aim for a third victory to firmly secure their lead in the overall standings as well as the FIA Class championship. They will, however, be hunted down by those chasing the exclusive victory and the TOTAL AGRI 400 could be just what the doctor ordered.

With an earlier runner-up result behind his name, Toyota Gazoo Racing SA's Ginie de Villiers, who again teams up with navigator, Juan Möhr, will go for gold as will the most recent runners-up, Chris Visser/Danie Stassen

(Total Excellium Toyota Hilux). These three teams have all claimed podium positions so far this season and they cannot afford to put a wheel wrong in the Free State if they want to stay on track for the titles.

The frontrunners know the rest of the teams will also aim for victory and podium results and as unpredictable as Cross Country racing is, anything can happen. Team Ford Castrol Cross Country will be out in full force with Lance Woolridge/Elvené Vonk (Ford Ranger). The chase will also be on the Class T championship where Terence Marsh and Letshego Zulu (Red-Lined Motorsport Nissan Navara) claimed their first victory at Bronkhorstspuit.

In the Special Vehicle Category, four teams have entered in Class A with the new overall and Class A leaders, Tim Howes/Gary Campbell in the hunt for a second victory. The TOTAL AGRI 400 starts today (Friday, 18 September) with the Pirelli Qualifying Race of 40 kilometres to determine the starting order for the main race on Saturday, 19 September when competitors take on a 180 kilometre route at 08:00 from NAMPO Park.

The Start/Finish as well as the Race Headquarters and the Designated Service Point will be at NAMPO Park where teams will stop for a compulsory de-control after completion of the first loop on Saturday.

The race will restart at 11:30.

Werner and Leon Mostert (Elf Renault Can-Am Maverick), defending champions in the Class G (S x S) might have a serious chance of a second national championship title.

The Horn brothers, Johan and Werner (Malelane Toyota Hilux) were leading Class T after the opening round of the season, but were hit by bad luck at Bronkhorstspuit and could not finish.
