# FISH

**Channel Catfish**

Stocking rate: 100 – 500 per acre if they are not fed a commercial diet; up to 1000 per acre if fed. Not more than 1000 per acre unless you have a good aeration system.

**Golden Shiner**

Stocking Rate: Add 5 Lbs of Golden Shiners per acre along with fathead minnows for extra forage. Great for ponds with big bass.

**Bluegill**

Stocking rate: 500 – 1000 per acre  
Fast-reproducing, excellent forage for mature fish.

**Hybrid Bluegill**

Stocking rate: 200 – 500 per acre  
A fast growing sport fish which also provides forage.

**Redear Shellcracker**

Stocking rate: 100 per acre  
Helps control snails that contribute to parasites.

**Largemouth Bass**

Stocking rate: 100 per acre  
Trained bass grow well in ponds with hybrid sunfish if the fish are fed.

**Fathead Minnows**

Stocking rate: 10 lbs. per acre (approx. 250 per LB)  
Minnows reproduce and act as additional food for other fish.

**Black Crappie**

Stocking rate: 100 per acre  
Recommended for lakes of 20 acres or more. They tend to overpopulate in smaller ponds.

**Diploid Grass Carp**

Stocking rate: 10 per acre  
For Excessive Weed problems may require more fish per acre.

**KOI**

Colorful ornamental fish for backyard garden ponds. Colors and patterns may vary. Limited supply, no culling.

Hauling tips for getting your fish home safely .....

- Kind of water to bring:  
**POND WATER** is the best for hauling fish. Well water is acceptable but does not contain much oxygen. Do **NOT** bring city water – the chlorine in it will kill your fish.
- Amount of water needed per 100 fish:**
  - 4 - 6 inch catfish - 15 gallon
  - 6 – 8 inch catfish - 20 gallon
  - 8 – 10 inch catfish - 30 gallon
  - 3 – 5 inch hybrids - 20 gallon
  - 3 inch hybrids - 15 gallon
  - 5 – 8 inch bass - 30 gallon
- Go directly home with your fish and put them right in your pond.
- Bagged fish should be kept out of sunlight on your trip home.  
Fish in bags can go directly into your pond.
- We will deliver fish to your pond for a \$50.00 Service charge.  
With the minimum orders:
  - 1500 4 – 6 inch catfish      500 8 – 10 inch catfish
  - 1000 6 – 8 inch catfish      1000 3 – 5 inch hybrid sunfish
