WHY Repeal?

Protect Women & Children

In order to provide special rights to the LGBT community, this ordinance puts our women and children at risk. A sexual predator who falsely claims to be transgender will be given access to public women's locker rooms, changing rooms, and bathrooms.

Support Business & Jobs

This ordinance allows a disgruntled employee, job applicant, or patron to make a claim of discrimination against a business which can result in a CRIMINAL charge, fines, and even jail time for the business owner. It far exceeds current EEOC and state laws.

Defend Free Speech & Faith

This ordinance limits the scope of both free speech and the free practice of religion guaranteed to us by the U.S. Constitution and Arkansas Constitution. It goes as far as to dictate the criteria by which churches hire their own staff.
