*** This Vacancy Announcement cancels and supersedes Vacancy Announcement No. IRC3185. Applicants who applied to VA IRC3185 must apply to the present vacancy in iRecruitment in order to be considered.**

Organizational Setting

The Social Policies and Rural Institutions Division (ESP) coordinates FAO's work on social protection, gender equality, decent rural employment, rural institutions and people's empowerment, and the right to food.

It is responsible for working with member countries and other partners to reduce rural poverty through strengthening social protection systems, diversifying rural employment opportunities, reducing gender gaps and other social inequalities in agriculture, strengthening producer organizations, improving the rural poor's access to productive resources and rural services, and achieving the overall goal of realizing the human right to adequate food for all.

The post is located in the Social Protection Team.

Reporting Lines

The Social Protection Officer reports to the Senior Social Protection Officer of the ESP Division.

Technical Focus

Support policy, operational and analytical work on the role of social protection in fragile contexts and protracted crises, with specific focus on shock-responsive social protection systems

Key Results

Research and analysis of information, data and statistics, and the maintenance and updating of related tools, methodologies, and/or databases to support the delivery of programme products, projects, publications, and services.

Key Functions

- Researches and analyses agricultural, economic, market, social, environmental, nutrition and/or gender related data, statistics and information to provide technical, statistical and/or policy related information and analysis to support the delivery of programmes work, products, projects, publications and services
- Produces a variety of technical reports and input for technical documents, Departmental publications and/or web pages.
- Provides technical, statistical, and/or analytical services on various studies, projects, and/or assessments and provides technical backstopping to field projects.
- Participates in the development of improved/updated technical, statistical and/or analytical tools, methodologies, systems, databases, and/or key social/ economic/ environmental/ nutritional and/or early warning indicators, etc.
- Participates on multi-disciplinary teams, collaborates with other departments and agencies on work groups and committees and promotes best practices.
- Collaborates in capacity development activities involving the planning and organizing of training workshops, seminars, and major meetings and the preparation of related information, materials, on-line tools and information kits.
- Promotes knowledge sharing and best practices at international meetings and conferences and influences partners in stakeholder consultations.
- Participates in resource mobilization activities.

Specific Functions

- Undertakes quantitative and qualitative policy and operational analysis on risk management, including role of social protection in resilience building, in support of food security and nutrition, poverty reduction and agricultural and rural development at macro-meso and micro level;
- Contributes to global policy processes to raise the visibility and commitment on the role of social protection in fragile and humanitarian contexts;

- Contributes to projects and other activities of the Social Protection Team that provide policy support to Member Countries in the mentioned areas of work by providing technical, and/or analytical services on various studies, projects, and/or assessments and provides technical backstopping to field projects;
- Strengthens the social protection component and focus of analyses on risk management and resilience, which can help to provide technical, and/or policy related information to support the delivery of economic and social protection programmes of work, products, projects, publications and services in fragile and humanitarian contexts, with attention to the needs of refugees and displaced populations in protracted crises.

CANDIDATES WILL BE ASSESSED AGAINST THE FOLLOWING
