Geocaching

Passport

Geocaching is an outdoor adventure using GPS technology for a modern-day treasure hunt. To play, participants use a Geocaching app on their smartphone or a GPS device to navigate to cleverly hidden containers called geocaches. Visit www.geocaching.com to set-up a free account to get started. You may discover

some small items or trinkets inside the geocache - the general rule of thumb is if you take something, leave something of equal or greater value. When you find a geocache, sign and date the log sheet within the cache. For the Visit Conroe Texas GeoTour, also obtain the letter code within the cache and record it on this passport to earn a commemorative coin.
