INVITATION

Dear Attendees,

We are glad to announce the **5th International Conference on Plant Science & Physiology** to be held in **Osaka, Japan** on **February 17-18, 2020** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Plant Science & Physiology 2020** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of 5th International Conference on Plant Science & Physiology. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. **5th International Conference on Plant Science & Physiology** amid February 17-18, 2019 at Osaka, Japan. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,
Plant Science & Physiology 2020
Organizing Committee

- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

ABOUT CONFERENCES

Plant Science & Physiology 2020 Conference website is attracting 25000+ Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, replace it with “Plant Physiology Societies, Plant Physiologist, Agricultural Scientists, Biotechnologist” Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Plant Science & Physiology 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Plant Science , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Plant Science
- Discuss and apply recent research findings related to Agriculture and Biotechnology

Who should attend?

- Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Plant Physiology Societies, Plant Physiologist, Agricultural Scientists, Biotechnologist Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs.

Conference Sessions

- Plant Sciences and Plant Research
- Plant Metabolic Engineering
- Plant Pathology and Mycology
- Plant Hormones
- Plant Biology
- Plant Biotechnology
- Plant Anatomy and Morphology
- Plant Biochemistry
- Plant and Environment
- Agronomy and Agricultural Research
