Microbiology 2020: Nurture to New Challenges and emerging issues in Microbiology

This webinar provides a unique crossroads for a diverse community of researchers, developers, industrialists and students from research areas of Microbiology to share their research experiences and indulge in interactive discussions and technical sessions

TRACKS

- Bacteriology, Bacterial Pathogens & Associated diseases
- Mycology, Fungal Pathogens and Associated Diseases
- Virology, Viral Pathogens and Associated Diseases
- Phycology, Nematology & Protozoology
- Medical Parasitology
- Antimicrobial Agents & Resistance
- Clinical Infections and Vaccines
- Clinical and Public Health Microbiology
- Applied and Environmental Science
- Microbial Cytology, Microbial Physiology & Recombination DNA
- Microbial Ecology and Evolution
- Molecular Microbiology
- Cellular Microbiology & Systems Microbiology
- Industrial Microbiology, Microbial Biotechnology and Future Bioindustries

BENEFITS

- International Speaker Certification
- Hard copy of Conference Souvenir, ID card and certificate will be sent to your address
- Online publication of the abstract in the conference website
- Abstract publication in the conference proceeding with the unique DOI given
- Exclusive Speaker Pages in relation with the conference website for registered speakers
- and Organizing Committee Members
- Special Publication discount benefits as a conference attendee
- Group Registration discounts
- Outstanding Young Researcher Award
- Nominations for Best Poster Award
- International Networking
- Scientific Association, Collaboration and many more..!
