

10 Reasons to Choose LogRhythm

See What our Customers Have to Say

In a recent survey, our customers told us about their experiences with LogRhythm. Find out what they had to say. We think you're going to like what you see.

1. You'll see a measurable return on your investment—fast.

"The time to value [we receive with LogRhythm is excellent]. The business logic and use cases are already baked into the solution. Also, the potential labor pool of people who know LogRhythm is larger than other solutions, meaning we can find people to staff the business and use the solution."

IT Architect, Medium Real Estate Enterprise

2. The platform's performance is exceptional.

"We have not really found anything that LogRhythm can't do in our environment."

Mike Urness, IT Systems Analyst, Marsh and McLennan

3. You'll get real-time, 24x7 visibility across your enterprise.

"Great product. Great support. LogRhythm provides great insight into what's happening in our network."

Jayson Weiss, Security Officer, Union Square Federal Credit Union

4. You'll see immediate enhancements to your organization's security.

"Our ability to detect and respond to incidents is faster and more complete than many of our peers with whom we exchange information."

Nathan Singleton, Security Manager, Helmerich & Payne, Inc.

5. LogRhythm is committed to continuous innovation.

"LogRhythm embraces leading-edge needs (threat lists, anomalous behavior issues, UEBA) far quicker than any other vendor we've experienced."

Jack Callaghan, Senior IT Architect, Pulte Homes, Inc.

6. Customer support and services is second to none.

"The tool is easy to use and the support I have received from LogRhythm has been terrific. The account team has been engaged with us, making regular contact to make sure everything is going well and asking how they may help if we require any."

Darren Hibbard, Engineer, Imagine Print Solutions, Inc.

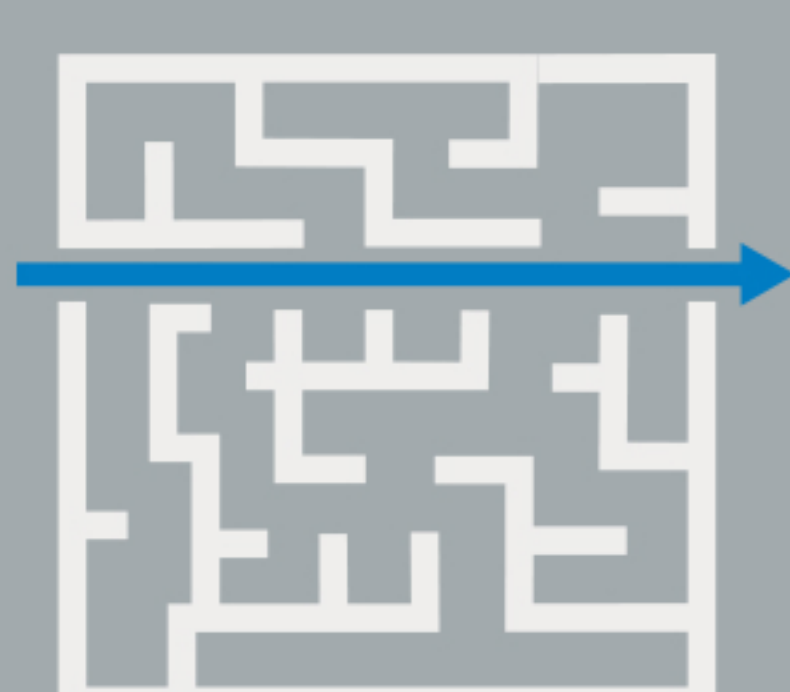

7. You'll see immediate enhancements in productivity.

"LogRhythm provides complete visibility of our environment in a single-pane-of-glass view. It removed the need for bums on seats to review logs. AI Engine has been remarkable in reducing time and costs and dramatically reducing false positives."

Marc White, Chief Security Officer, Optomany

8. It's easy to use.

"I continue to realize the benefits of LogRhythm, but the most significant benefit would be the ease of use. The product is very user friendly, and with the superior support provided by LogRhythm, I have more time to focus on protection of company data including investigation of anomalous behavior and events."

John Fastiggi, IT Systems Analyst, SeaWorld

9. Easily meet and exceed your compliance mandates.

"It's a great SIEM solution. We achieved PCI DSS and ISO 27001 compliance with it."

Adenrele Ogun, Security Officer, Interswitch Limited

10. Our customers recommend it.

"[LogRhythm] greatly provides the insight we need into our data. [It's] simple to use and manage, support is amazing, and the cost structure is ideal."

Nestor Cabrera, Security Manager, Univision Radio

"Awesome product—it does everything it says it does. Good support. Just a great company to do business with."

Jason Riggins, Network Administrator, Kansas Medical Mutual Insurance Co Inc.
