Welcome to this edition of our exclusive FSW Weekly.

New site and a fresh new way of presenting you with the week's latest new items to arrive in stock and re-stocks too. We hope that you not only like the presentation but find it a useful tool to help you in choosing and ordering what you need for your collection.

What's in this week's copy? Well we've great variety for you with many subject areas covered as kits, hand built, diecasts and resincasts. For fans of modern GT machinery there are some fabulous looking machines from Ebbro. Minichamps cater for single-seater fans with Formula E and classic Formula 1s and there's a hand built modern F1 along with 1:43 and 1:18 road cars from BBR. Matrix has a good selection of unusual subjects and there are also oddities from Autocult and a successful BMW racer by Avenue 43. If you prefer to build, there are several pre-painted kits by JPS and we also have restocks of decals from Virage and several Le Mans winners which have arrived along with a back orders shipment from Spark. There are various other odds and ends too, so click through now...
