

Find Your Ring Size

Please print this A4 guide to get your ring size.

Make sure that it is printed to the right size by measuring the accuracy tester below, it should measure 70mm on the ruler.

HINT: Make sure that the "Fit To Page" box is unchecked at the printer setting screen.

Put your newly printed guide on a flat surface and place your existing ring on any of the circles below until you find your right size.

Things to remember:

Make sure the ring you are using fits on the finger you would like to order the ring for.

The average ring size for women is 7 to 7.5.

The average ring size for men is 9 to 10.
