	<p>Printer ribbon</p> <p>Nylon, 1/2"w on LC Smith spool Good for Kleinschmidt printers</p>	<p>In original box, orig. wrapping</p> <p>Spool has only center hole</p>	<p>2 lb per box of 12</p>	<p>At present I have many dozen boxes</p>	<p>\$4.50ea</p> <p>\$39 per dozen + shipping</p>	
	<p>Printer ribbon</p> <p>Cotton, 1/2"w</p> <p>Spool is Underwood, Smith-Carona type</p>	<p>In original box, orig. wrapping</p> <p>2 spools, 1 ribbon per package; metal spools have center hole and 6 pin holes.</p>	<p>2 lb per box of 12</p>	<p>At present I have many dozen boxes</p>	<p>\$3.50ea</p> <p>\$33 per dozen + shipping</p>	

These are the METAL spools that are hard to find, and you get TWO in each set!

GOOD NEWS: Buyers are reporting they are NOT dried out and work great.

Postage: 1 or 2 = \$6 3 or 4 = \$7 5 or 6 = \$11 (via First Class Package Service .. USPS)

Shipping: \$16.50 Priority flat rate will cover one, two or three dozen ribbons.

Unfortunately, I cannot squeeze a dozen into a 'small' flat rate box.

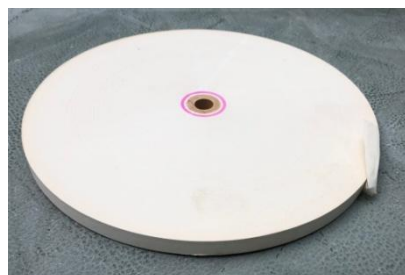

Comment from happy customer: *I got the ribbons, and they work great! I had no idea just how dry my old one was – lol!*

Another recent comment: *It's amazing how nice these print vs the new stuff from Schwartz Ink.*

shipping.**

SOLD OUT

AC synchronous motor

Tested and working !

Our price is LESS than what they were selling for in 1981 ... 40 years ago. TESTED and running smoothly and quietly...

\$25 for the motor;

+ \$17 for the Post Office.

It fits into a Medium Flat Rate Box, so we get a break on the heavy weight.

Only 3 left.

Note: we can fit a box of a dozen ribbons in the same box with a motor, to save on your shipping!

Cable Termination and Cross-Connect Wiring Blocks

These blocks are useful for many applications:

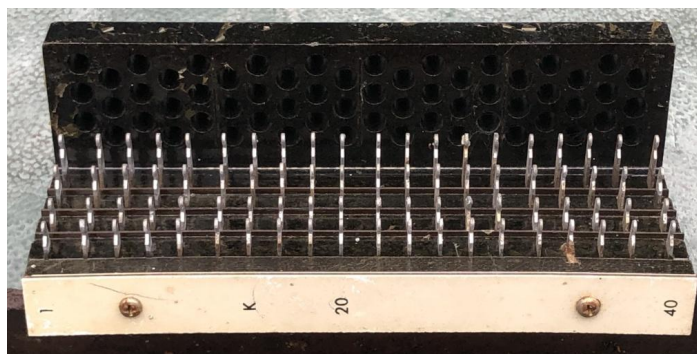

- terminating multi-pair cables;
- terminating connections to eqpt. mounted in rack cabinet;
- cross connecting eqpt. to pairs in external cables.

All blocks are in good condition.

SOLD OUT
