On January 23, 2021 Winston (as unpinkpanther on SowPub) posted a “Blast from the Past” comment about a post I had made in April of 2017 regarding one of my mentors, Harvey Brody. Harvey has sold over 100 million units of just one of his specialty products which he owns lock, stock and barrel. He is an expert on TOLL position profits.

I contacted Winston and we decided to do an interview and this report with a goal of February 14th to have it in the marketplace. **22 days from concept to market is pretty fast, although we could have easily done it in 10.**

This report then serves as A **TEMPLATE which you can follow, and have your own product for sale in the next 10 days.**
