Subject: It's a Very Helpful Tool

Hi,

We just got these reviews from customers Cal and Mandy. They really liked the [Just Fitter](#) Products they received, so we wanted to share their comments with you!

See what Cal had to say:

These strips worked great. Easy to use, a good price, and near instant results. They're very helpful to understand the effect on your body of what you eat and drink. I don't worry too much about deciphering the exact gradations of the color chart; it's easy to tell whether you're acid, alkaline, or generally balanced. The effect of water with lemon in the morning is dramatic. For me, this product helped make me more conscious of the food choices I make every day. It's a very helpful tool.

And here's what Mandy had to say:

I have to say this is the best waist trainer that I have ever used, and I have used many. It wraps around you and you do not have to worry about trying to close it up. It has a velcro on it and seals you in tightly. I am also very short and this trainers does not roll down at all. I am so glad I found this product. Oh, and it also comes in a very cute bag.

Shop now before we run out of stock! Seriously we often do!

Kind Regards,

Michelle Myers
