

# HPUMC READING PLAN

In your hands is a plan. This plan was created to help you take a next step in your spiritual life. You'll see that there are two tracks. Track A is the beginning of a journey that will lead you through the whole Bible, from start to finish, in one year. Track B offers lighter daily reading, leaving you more time to reflect.

Picking and sticking to either plan will do the trick of helping you take that next step with God. As you read these first passages, notice a rhythm: over and over again, humanity turns away from God; and over and over again, God refuses to turn away from humanity! What other truths will you find in these words?

As you read, here are some questions to help you get more out of each passage:

- ▶ How might God be using this passage to speak to me today?
- ▶ Is there something I can do in response to what I have read?
- ▶ Is there someone I can share this with?
