## What is Parkour?

Parkour is a method of physical training that develops one's ability to overcome obstacles (both physical and mental). Parkour includes running, climbing, swinging, vaulting, jumping, rolling and other movements suitable for different situations. Parkour involves seeing one's environment in a new way, and imagining the potential ways for navigating through it. Classes will last 1 hour, with 30 minutes of instruction and 30 minutes of free play. Class will be divided by age and ability to best assist each participant. Minimum age 5. Class size limit 12. Temperature check upon arrival.
