

STYLE

MEETS

SUBSTANCE
to beautiful effect

The Sea Ray L-Class ushered in a new era, one in which luxury comes without tradeoff and customer service extends beyond a transaction to a relationship. Each L-Class yacht delivers superior livability, effortless performance and striking beauty—the marriage of substance and style that can only come from Sea Ray, boating’s most awarded brand. The L590 perfectly embodies the tenets of the L-Class philosophy, demonstrating just how exquisite boating can be when all the elements align.

CONNECT WITH THE MOMENT

It's amazing how so much space brings everyone together. The L590 is designed to underscore the beauty of connection. Every surface and finish has been hand-selected for maximum aesthetic and sensory enjoyment, from the solid-surface countertops to the available teak swim platform to the soft-touch upholsteries. Every stitch, every beautifully sculpted edge contributes to an overwhelming sense of quality, precision and luxury. Every zone of the boat, from the inviting foredeck lounge to the generous cockpit, works in your favor.

ARRIVE AT THE JOURNEY

Your boat should never pull you out of the moment, whether that moment entails cooking or feasting, resting or reveling, basking in the sun or savoring the shade. The L590's spacious, integrated salon joins seamlessly with the galley, cockpit and swim platform beyond, encouraging smooth transition from one area to the next. Dissolved are the barriers that limit activity by room; instead, the entire yacht becomes the social hub.

ENTERTAINING MADE EFFORTLESS

The L590 turns you into the consummate host, making it easy to ensure every guest's comfort and enjoyment—without ever detracting from your own. A convenient, well-equipped galley overlooks the sunlit salon, so grabbing a refill never breaks the conversation. An open cockpit dining area promotes meals al fresco with a soundtrack provided by the sea—or the Bose® Soundbar stereo, if you and your guests prefer.

COMFORTS OF HOME

Aesthetics and functionality combine to enhance the L590's livability. The full-beam, midship master stateroom with en suite head and two other staterooms and head can all be customized to suit your preferences. Enjoy thoughtful touches like a rain shower, vessel sink and vanity in the master suite, cedar-lined closets, and elegant wood flooring. Signature amenities include entertainment centers with Bose® Soundbar and Blu-ray™ players, a well-appointed galley, and dedicated storage solutions that take good care of everything you bring onboard.

PERFORMS LIKE A DREAM

Precision and power inspire confidence on the L590, where unsurpassed maneuverability and performance come courtesy of standard triple Zeus® diesel engines, joystick-controlled drives and a state-of-the-art navigation system. An available Seakeeper® gyroscopic stabilizer counters wave-induced motion, keeping movement to a blissful minimum.
