WALLACE WOWS

Matt Wallace prevailed on Sunday at the Made in Denmark in a playoff that featured three PING pros, marking his third victory of the season and his fourth in 16 months.

Wallace poured in eight birdies over his last 11 holes including five of his last six in regulation and on both of the playoff holes.

"I set myself in positions where I have to do things and, more often than not, I get it done," Wallace said of his season thus far. "I'm very fortunate to have done it when I needed to in a few tournaments now."
