Task

You are going to choose items for a new bedroom. The budget is £550, you can't spend more than this amount. Follow the steps in order to complete the task.

Step 1

From the options below pick the basic items that you need for your bedroom and write down their cost on your Bedroom Budget worksheet. Add them all together to get your **Basic Total**.

Basic Items

Bed

£60

£150

£220

Wardrobe

£80

£110

£175

Bedding

£20

£28

£35

Step 2

Take away the **Basic Total** from your budget amount of £550. This is what you have left to spend on Extra Items. If you want to spend more on Extra Items, then you will have to change your basic item choices.

Step 3

What else would you like? You may not be able to afford all your wants so you might need to prioritise. Add them together to get your **Extras Total**.

Extra Items

Lamp

£9

£18

£20

Rug

£15

£25

£35

TV

£70

£120

£140

Desk
