HOW TO STYLE

YOUR PLAKA
SANDALS
ACCORDING
TO YOUR
PERSONAL
STYLE

ROMANTIC

FEMININE AND DREAMY

Combine your Plaka sandals with flowy fabrics like knitted crochet, crepe, linen and silk for that airy and light feel. If you love flowers, go for a great floral print!

Great colors for this style are lavender, mauve, ivory and cream.

CASUAL

YOUR NATURAL SELF

To master this style, try wearing classic pieces that fit you well in quality fabrics. A white t-shirt paired with slacks is a definite recipe to be casual and smart.

Combine white, beige, grey and navy. Keeping it old school is key to having everlasting pieces in your wardrobe that go well together.

If you have a tried and true favorite set of clothing, accessorize it with a new and colorful set of Plaka sandals and we guarantee you lots of compliments!

BE YOURSELF

IT'S ALL IN THE ATTITUDE

SPORTY

LET'S GO FOR A WALK

Plaka sandals offer great support for outdoor activities. Leggings and loose short dresses are ideal because they allow you complete freedom of movement!

Combine bold colors like teal, khaki, bordeaux and red with athletic fabrics, like jersey, spandex and rib.

CLASSIC

AN EVERLASTING STYLE

Combine same color pieces with a contrasting outer layer, like a cardigan. Fabrics like linen, silk and cotton are the fabrics that will really make your looks feel like they can withstand the pass of time.

A color combination that never fails is grey or black on white and beige or brown on black.

SOME QUICK TIPS

THAT EVERYONE CAN APPLY

MAKE YOUR WARDROBE WORK:

With same color outfits, take the chance to add a focal point of color and texture with Plaka sandals. Bold shades and striking combinations will completely transform an outfit!

KEEP IT SIMPLE:

Color can be wonderful but sometimes you want to keep it neutral. Complex braided designs in our Plaka sandals add the perfect touch while keeping your color combo low profile.

TOMBOY
