

# Tenant Sustainability Services

Being a building tenant is no barrier to improving your company's overall sustainability. Whether your organization occupies just one tenant space or many spaces around the world, Leonardo Academy can design a sustainability program to fit your organization's specific needs and goals.

## Our Services

### Emissions Reductions and Offsets

Inventory and offset programs for greenhouse gas emissions and emissions that affect human health. Earn certification for net emission reduction achievements through our Cleaner and Greener program.

### Energy Savings

Identify and implement energy use reduction opportunities including: ENERGY STAR Portfolio Manager, high efficiency lighting, plug load reduction, and others.

### Water Savings

Identify and implement potable water use reduction measures.

### Procurement

Incorporate sustainable purchasing into your procurement practices.

### Waste

Recycling program implementation and improvement, source reduction strategies, and more.

### 3rd Party Certifications & Assessments

We provide support for tenant and occupant engagement sustainability initiatives that contribute to earning LEED certification, WELL certification, GRESB assessment points, and more.
