USING EDITABLE PDF FILES

Use the following instructions to add your information to the editable PDF files in this product download.

1. Download Adobe Reader. You must use this free program for these PDF files. Get it here: <https://get.adobe.com/reader/>. If you already have Adobe Reader, make sure you have the most recent version.
2. Open Adobe Reader.
3. Open the editable PDF (FILE>OPEN). Navigate to the location of the desired file and click OPEN.
4. Click in one of the blue editable text boxes and change the words to your information. NOTE: You cannot change the font, type size, color or alignment of the text.
