Document	Type	Announcement
	No	2021/38
	Subject	About the Amendments in the Equity Market Procedure
	Approval Date	27/05/2021
	Prepared by	Equity Market Operations Directorate
	Distribution	Borsa İstanbul Members, Data Vendors and Independent Software Vendors

To Whom It May Concern,

The following decisions will be effective as of 28/05/2021;

- In the periodic market re-evaluation process, the companies that recently started to be traded, will not be included in the market evaluations within 3 months following the date when they started to be traded on the Exchange in order to ensure that trading data of the mentioned companies are reliable enough for an assessment. And the data of the first 10 business days of these companies will not be included in the liquidity calculation criteria.
- "Maximum order value limit" will be applied to the orders sent during the book building phase in the process of public offering of the new companies in the Exchange.

The updated version of the Equity Market Procedure with above-mentioned issues and other issues previously decided and announced as included in the amendment schedule in the Annex, can be accessed on the corporate website of Borsa İstanbul (please note that Equity Market Procedure is available only in Turkish).
