

David Guetta - Let's Love Lyrics

Let's love

Let's love

Let's love

Let's love

Let's love

I will never leave your side, my love

Standing right beside you is enough

Call on me if you feel any pain

Call to me, I'll run to you again

You can count on me

And I can count on you

You show up like I show up

And I'll keep showing up for you

So take my hand, don't be afraid

This too shall pass, this too shall pass

And we'll get through it all together

We'll get through it all together

Swear you're safe, this too shall pass

This too shall pass, this too shall pass

And we'll get through it all together

We'll get through it all together

Let's love

Let's love

Let's love

Let's love

Let's love

Let's love

And we'll get through it all together

We'll get through it all together

Let's love

I will never leave your side, my love

Standing right beside you is enough
You can count on me, uh-huh
And I can count on you
You show up for me, I show up for you
And I'll keep showing up for you

So take my hand, don't be afraid
This too shall pass, this too shall pass
And we'll get through it all together
We'll get through it all together
Swear you're safe, this too shall pass
This too shall pass, this too shall pass
And we'll get through it all together
We'll get through it all together

Let's love
Let's love
Let's love
Let's love
Let's love
Let's love
And we'll get through it all together
We'll get through it all together
Let's love
Let's love
Let's love
Let's love
