*To inspire each student to
extraordinary achievement
every day*

April 25, 2025

To Staff and the Twin Rivers School Community,

Six weeks. Can you believe it? That's all the time remaining until the end of the school year. With this limited time, our combined energy and focused effort will ensure these final weeks have a significant and lasting impact. We are actively building upon the progress our students have achieved, addressing the challenges that remain, and igniting even more of those transformative 'aha!' moments every teacher recognizes.

With this shared sense of purpose as our foundation, our dedicated staff knows these final weeks are significant. This moment is our opportunity to further spark curiosity, provide additional targeted support—reinforcing with students their progress toward graduation and any remaining requirements—and celebrating the incredible growth that makes their achievements possible. We will continue to collaborate, share our most effective strategies, and inspire our students to push just a little further, knowing that the impact of these final lessons will resonate long after the last school bell rings.

Recognizing the vital role our staff plays in these final weeks, we also understand that this crucial time relies heavily on our partnership with families. Your support has been invaluable throughout this journey, and we are counting on you to continue to actively engage in conversations about your child's learning, connect with their teachers and counselors to stay informed, and help us maintain a strong home-to-school connection that propels our students forward. Your belief in them fuels their success.

I am confident these final six weeks will be a powerful testament to our collective commitment—maintaining a positive and encouraging atmosphere for all as we celebrate successes and remind our students how far they have come.

These six weeks are more than just the end of the school year; they're about ensuring each student experiences a genuine sense of accomplishment, moves forward with confidence, and remembers this year with pride.

This is our commitment.

Summer School

If you haven't already, now is the time check out our Twin Rivers Summer School Program, specifically designed to help students improve their academic foundations. In addition to elementary, middle and high school camps, we offer high school credit recovery (see your high school counselor for details). [Learn more about Twin Rivers Summer 2025.](#)

#TRUSD Proud Alert!

Big congrats to Efrain Alanis (Twin Rivers Adult School) and Keren Beukema (Martin Luther King Jr. Technology Academy) for being named Sacramento Classified School Employees of the Year 2025! This incredible achievement also means that both Efrain, an Academic and Career Advisor, and Keren, a Library Media Technician, are now in the running for the California Classified School Employees of the Year honors. We have a strong history of success at the state level—winners in 2020, 2021 and 2024.

Kind regards,

A handwritten signature in blue ink, appearing to read "Steve Martinez".
