

By the end of this conference, you will be able to:

- Acquire new ideas on how to partner with patients and parents in meaningful ways to grow your local improvement community.
- Summarize the ICN three-year strategic priorities focused on outcomes, equity, sustainability, engagement, and technology.
- Describe your leadership practices and application within the ICN community.
- Discover your impact on patient care and within the ICN community and examine how you might support the advancement of these priorities.
- Develop connections and relationships with clinicians, patients, parents, and trusted partners to work together in new ways to benefit the IBD community.
- Demonstrate ICN quality improvement, research, and community engagement skills.
