

BATTERIES INCLUDED

Amplify any event with JBL's newest portable battery powered PAs – from the small-and-mighty, rechargeable EON ONE Compact to the rechargeable column array EON ONE MK2. JBL's latest technology carries sound farther and clearer than similar type speakers. With digital mixer, Bluetooth and remote control via app, these ultra-lightweight, one-hand carry PAs provide 6 or 12 hours of play time with easily swappable batteries. They're perfect for anyone who demands best-in-class acoustics indoors or outdoors.

EON ONE COMPACT

Bluetooth 5.0 | 112dB SPL

12-Hour Swappable Battery | 4-Channel Mixer

Two USB 3.0 Ports | Remote Control with App

Ideal for:
solo performers and presenters,
sports days and pop-up gigs,
with or without AC power.

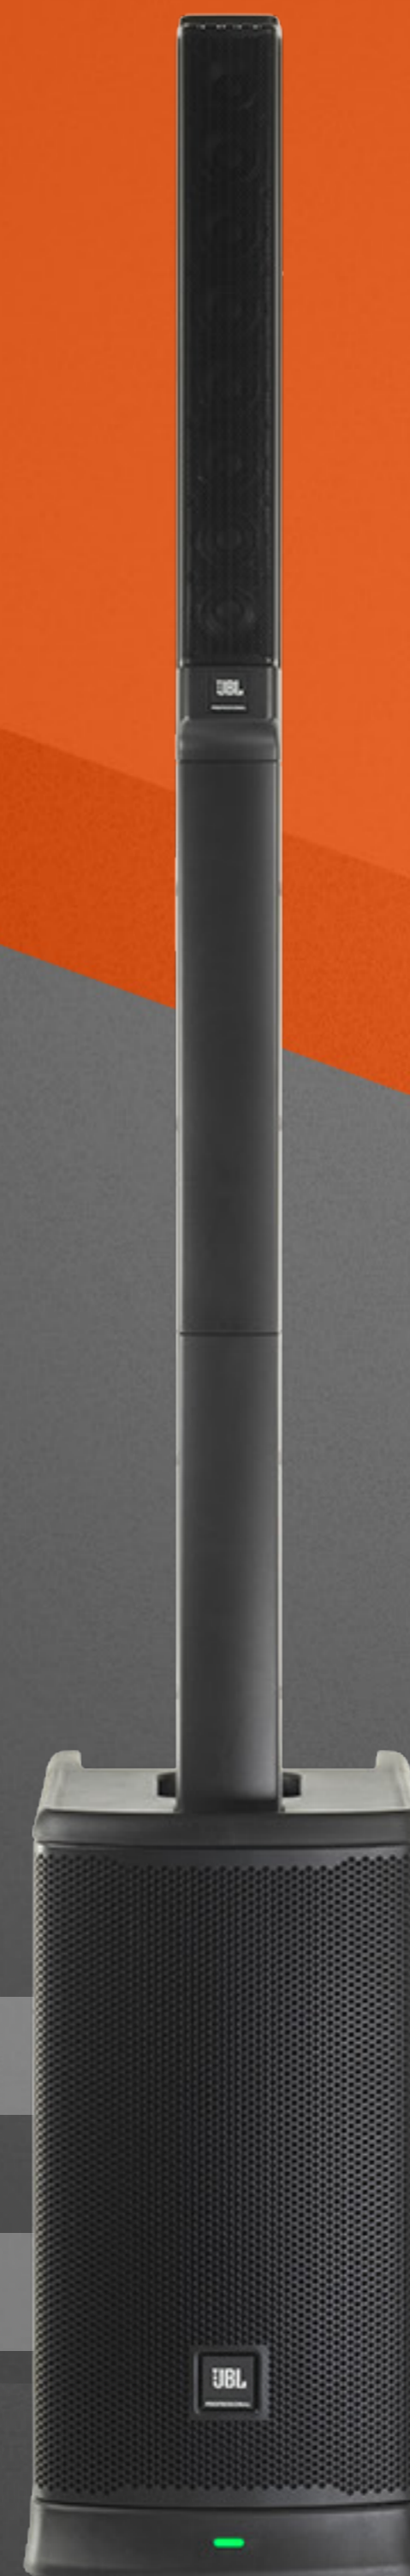

EON ONE MK2

Bluetooth 5.0 | 123dB* SPL

6-Hour Swappable Battery | 5-Channel Mixer

Two USB 3.0 Ports | Remote Control with App

Ideal for:
solo performers and smaller acts,
medium-size venues and outdoor performances,
with or without AC power.

* 123dB on mains, 119dB on battery
