Welcome to this edition of our exclusive FSW Weekly.

New site and a fresh new way of presenting you with the week's latest new items to arrive in stock and re-stocks too. We hope that you not only like the presentation but find it a useful tool to help you in choosing and ordering what you need for your collection.

As we enter into the continental summer holidays (we're still here for a couple of weeks but will be closed week commencing 22nd) we have a select few new deliveries for you this week. There are hand built from Looksmart, RGM Design and BBR for collectors of Italian exotica, all ranges offering new 1:43s with a bonus 1:18 from the latter. In resin/cast there are new 1:43 and 1:18s from TrueScale/Top Speed and we have received a backorder shipment from Spark which also includes a few restocks of Le Mans winners and others. For kit builders, Model Factory Hiro has new 1:12 releases and also exciting new announcements too. We've more new releases announced from Spark, Le Mans Miniatures, Ixo and Blue Stuff and there are production updates from MEA Kit 43. We also have a flash sale offering 20% off all in stock plastic kits and there are plenty of additions to both the last stocks and sale listings... LINE-BREAK]
