

THE CANNA FARMS VETERAN SUPPORT INITIATIVE

We developed this robust support program especially for Canada's growing Veteran population to serve those who have served, and that goes far beyond medical cannabis product.

We're honoured to serve the Veteran community and ready to support you.

As the first licensed producer in B.C. we've stayed true to our medical roots and are focused on improving the quality of life of our patients.

Canna Farms' Veteran support programs have been developed to ensure you have the best access to our world-class medical cannabis products and an exceptional patient experience with priority, dedicated support.

From everyone at Canna Farms, we thank you for your service.
