The merit badge counselor will assess the completeness of the scout responses. The requirements reports can be typed or legibly handwritten. Due to the unique and expressive styling of an individual's handwriting, the merit badge counselor would prefer typed reports or electronic files, if available. Environmental Science	<p>Please review the requirements for Environmental Science MB and the work sheet. These may be found on-line.</p> <p>There is mandatory pre-work that MUST be done before the first class for the Environmental Science Merit Badge. My experience from teaching this MB for many years is, if you do NOT do the pre-work, you will NOT earn the MB. However, if you do all the pre-work and the in-class work, by the time you leave for home after the second in-class period, you will have earned an Eagle required merit badge.</p> <p>Thus, please do the pre-work.</p> <p>Before the first in-class period, you will need to complete:</p> <p>Requirement 1—make a timeline</p> <p>Requirement 2—define terms</p> <p>Write the answers on paper.
