Created By: Tina Dillard

What happens when you combine Split Rect, Bonus Units, and Flying Geese? As a result, you get a Split Spectacular block. I find it incredibly fascinating how shapes like these appear when units like these are assembled into blocks. Combine the block with a splash of color and you have a unique block.

Note: You can find the instructions you need to make the block units in the Split Rects and Split Rects Bonus Units Technique Sheet instructions. You will also will need your Wing Clipper and Square Squared tool instructions to complete this block.

If you don't have the Studio 180 Design tools, please visit your local quilt shop or order them directly from www.quiltingaffection.com or Studio180Design.net.
