

Get the SMART experience with the MyCentsys Pro mobile app!

What makes the D5 SMART so smart? Well, lots of things, but wireless convenience is where this operator really shines!

This is gate automation like you've never experienced it.

The MyCentsys Pro app makes setting up and configuring the operator's many features an absolute breeze. Set the gate limits, speed, automatic closing and unique profiles for everyone using the gate, with just a few taps.
