

# XXXTENTACION - HEARTEATER Lyrics

Hearteater, why'd you eat my heart alive?  
Still breathing, why you looking so surprised?  
Hearteater, try but you will not suffice

Hearteater, why'd you eat my heart alive?  
Still breathing, why you looking so surprised?  
Hearteater, try but you will not suffice

Ooh, you're poison  
Poison, filled with poison  
Fill my veins with poison  
Poison, filled with poison

Hearteater, why'd you eat my heart alive?  
Still breathing, why you looking so surprised?  
Hearteater, try but you will not suffice

Hearteater, why'd you eat my heart alive?  
Still breathing, why you looking so surprised?  
Hearteater, try but you will not suffice
