## A Dialogic Teaching Companion

**Robin Alexander**, University of Cambridge, UK

Drawing on extensive published research, this book shows how and why the dialogic approach has a positive impact on pupil engagement and learning.

Dialogic teaching harnesses the power of talk to engage pupils' interest, stimulate thinking, advance understanding, expand ideas, and build and evaluate argument, empowering them for lifelong learning and social and democratic engagement.

Building on his groundbreaking *Towards Dialogic Teaching*, Alexander's new book will support the work of all who strive to enrich teaching and learning and raise standards, but especially trainee and serving teachers, teacher educators, school leaders and researchers.
