Sadhguru

Keynote

Ranked amongst the fifty most influential people in India by India Today, Sadhguru is a **yogi, mystic, visionary** and bestselling author. **Sadhguru** has been conferred the **Padma Vibhushan** by the Government of India in 2017, the highest civilian award of the year, accorded for exceptional and distinguished service. Probing and passionate, insightful, logical and unfailingly witty, Sadhguru's talks have earned him the reputation of a speaker and opinion-maker of renown. With his astute and incisive grasp of current issues and world affairs, as well as his unerringly scientific approach to the question of human well-being, he has been a primary speaker at the United Nations World Headquarters, a regular at the World Economic Forum, and a special invitee at the Hindustan Leadership Summit, Australian Leadership Retreat, Indian Economic Summit and TED. He has also been invited to speak at leading educational institutions, including Oxford, Stanford, Harvard, Yale, Wharton and MIT among others.

Gregoire Borst

Discussant

Gregoire is a full Professor of **Developmental Psychology and Cognitive Neuroscience of Education** at the University Paris Descartes. He is the Adjunct Director of the Laboratory for the study of Child Development and Education (CNRS), a junior member of the Institut Universitaire de France, the **President of the Association of Research on Neuroeducation** and a member of the group of experts on the protection of young audiences at the Conseil Supérieur de l'Audiovisuel (CSA). He obtained his PhD in Cognitive Science in 2005 at the University Paris-Sud. He was then a postdoctoral fellow and research associate at Harvard University from 2006 to 2010 before being hired as an Associate Professor in the University Paris Descartes in 2010.

UNESCO MGIEP

The UNESCO Mahatma Gandhi Institute of Education for Peace and Sustainable Development (MGIEP) was established in 2012 by the generous support of the Government of India. The Institute is an integral part of UNESCO and it is the first and only Category I Research Institute in the Asia Pacific.

UNESCO MGIEP focuses on **Sustainable Development Goal (SDG) 4.7** towards education for building peaceful and sustainable societies across the world. In line with its vision of '**Transforming Education for Humanity**', the Institute employs the whole-brain approach to education, with programmes that are designed to mainstream **Socio-Emotional Learning** in education systems, innovate digital pedagogies and to put youth as global citizens at the centre of the 2030 agenda for Sustainable Development.

The **UNESCO MGIEP Distinguished and Ahinsa Lecture Series** invites speakers of global eminence to

- spark **transformative ideas** for a shared future
- initiate an **international discourse** to build a more peaceful and sustainable world
- re-envision the nature and **role of education** in this new paradigm
