

AUGUST 2021

POWERFUL WORDS

CHARACTER DEVELOPMENT

POWERFUL PROJECT

Name: _____

The Powerful Word of the Month is teamwork. Teamwork means “working together towards a common goal.” To have a strong team, we pool together everyone’s top strengths and work together. Of course, sometimes we have to pitch in on the tasks no one wants to do in order to get the job done! That means, when doing a big job, people might pool their strengths as “the organizer,” “the leader,” “the encourager,” “the problem-solver,” “the muscle,” and more-- and nobody is above taking out the trash and mopping up the spills! Remember; teams work better when they work together. Think of a job that takes teamwork. What would YOUR tasks be and what are your top strengths that would help the team (The Power of Me!)? What would other people’s jobs be and what strengths are needed to get those tasks done (The Power of We!)? **Below, give us details on what teamwork would look like...**

This is the job my team would be working on together:

Teammate	Task(s) assigned	Their personal strength they bring to the team
1. You! (The Power of Me)		
2.		
3.		
4.		

How can working together (power of we) be an advantage over working by yourself (power of me)?
