**Girls Academic Leadership Academy (GALA) is the first all-girls public school within the Los Angeles Unified School District.**

GALA's mission is to provide a highly rigorous college preparatory curriculum, in grades 6-12, focused on Science, Math, Technology, and Engineering (S.T.E.M). Located in the heart of Los Angeles, GALA's student body is comprised of a highly diverse student body of girls that draws from 112 different schools and 79 unique zip codes within Los Angeles, representing a richly varied ethnic and socio-economic community.

**A participation and achievement gap exists between female and male students in STEM curriculum within LAUSD.**

**Women are 50% of the workforce but represent only 25% of STEM workers in the United States.**

Girls' school graduates are **3 times more likely to consider a career in engineering.**

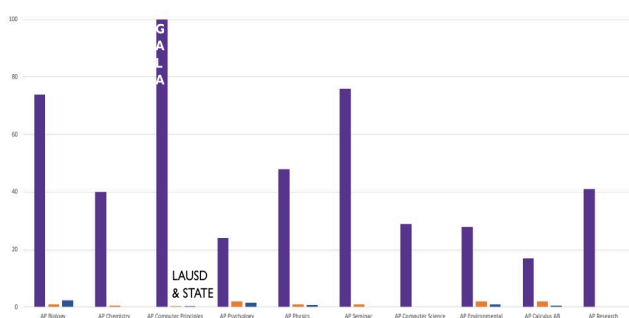

DR. LINDA SAX, UCLA

Girls' school grads are **6 times more likely to consider majoring in math, science, and technology** compared to girls who attend coed schools.
