## Birds in Flight

Designed for the Studio 180 Design's  
 ~ V Block® ~ Corner Beam® ~ Square Squared®

Created By: Tina Dillard

Birds in Flight is all about the amazing Corner Beam unit. Each corner has four Corner Beams which gives the illusion that the block is swirling. What an exciting block!

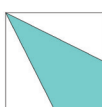

Note: You can find the directions you need to make this block in the instructions for V Block®, Corner Beam®, and Square Squared® tools. I recommend that you press all seams open on this block.
