Premium Fitness Equipment

THINK FORWARD 

FITLINE

26+ years of Fitness Innovation

Fitline is a professionally managed gym equipment & services provider.

Having a 26+ years of Industry experience, we specialize in commercial gym equipment.

Our exclusive vendor partnerships abroad enables us to source specialized equipment in fitness, that is niche and away from the usual market standards.

We believe only in quality & performance and are focused on serving a special target audience who value only newer designs, latest trends, experimenting new technology and appreciating well crafted products in tangible form.

Our product portfolio is a collection of special designs in Treadmills, Cross Trainers, Bikes & Strength Equipment that are calibrated in performance, workmanship & art, to sustain in the Indian weather conditions for vigorous usage and longevity.

We ensure equipment is produced by the dynamics that are required in a product, never by cutting down the price on cost of quality

This ensures Fitline equipment at commercial club use, to

keep going and surviving for longer tenures than the shelf life of other contemporaries in business.

We have organically grown PAN India network and have stable and well supported offices, service centers, and team of co-minded associates and employees, who have the similar vision and work ethics.

We serve industry verticals like health clubs, franchise gym chains, real estate, government institutions, educational sector, corporate houses, residential, wellness and beauty sector.

Services are the core in our industry to sustain. Our equipment is reaching out and serving so many audiences and shaking hands with few lacks of lives every day. We understand the standards that are expected from us to deliver the equipment back in operational order, when it breaks down. We are professionals with this and have a strong and skilled team to work out solutions PAN India at any site.

We are **FITLINE**
PREMIUM FITNESS EQUIPMENT

We THINK FORWARD

Culture of Fitline!

We can't deliver you the lowest price, but the best of Quality.

We are consistent in our endeavor for excellence in product & service.

We can explain your investment on our equipment.

We can't sacrifice our future for today's small profits.
