## Welcome to this edition of our exclusive FSW Weekly.

New site and a fresh new way of presenting you with the week's latest new items to arrive in stock and re-stocks too. We hope that you not only like the presentation but find it a useful tool to help you in choosing and ordering what you need for your collection.

Welcome to your FSW Weekly news as we rapidly approach the midway point of the year already! For the builders out there we have kit restocks from SMTS and Denizen and there are more interesting new decals from Cigale 43 for fans of early 70s F1. If Formula 1 in the 60s is more your era, we have a fine new book for you. From Looksmart we see both hand built and resincast new releases with supercars and modern F1s respectively. There are plenty more new resincasts from Spark with 2020 subjects and a fine selection of classics, along with a few restocks and a single release from TrueScale. We've also added a few bargains to our sale page, so click through now...
