

Calvin Harris - Woman Of The Year Lyrics

Ah, feelin'
Ah
Ah, feelin'
Ah

Feelin' like the woman of the year right now
You know I know everybody here right now
You throwin' rolex at my wrist right now
Startin' to like it, like it how it hit right now
Feelin' like the woman of the year right now
You know I know everybody here right now
You throwin' rolex at my wrist right now
We'd only wanna, wanna feel right now

I got blood running through my veins
You tryna take me, you gon' take the pain
Another new, just another day
'Cause you could never have me anyway, oh, oh
I've been tryna talk you out my expense
I'm making lot of money, I can spend it, you know I'm expensive
Hop on in the pussy, you can fill it
Look at homie, baby, come and, come and gotta get it (Oh)
I don't need no nigga (Yeah), yeah, he need me (Ah)
Spittin' on a one on one to see me (Ah)
Pussy that I'm [?], yeah, I'm dreamin' (Ah)
I got all the diamonds on my BB
You looked at my eyes and said I'd never do it
Before I proved you wrong, baby, now I do it
And now I'm gonna hop on a tune
'Cause I never looked away, you could probably do it, oh

Feelin' like the woman of the year right now
You know I know everybody here right now
You throwin' rolex at my wrist right now
Startin' to like it, like it how it hit right now

Feelin' like the woman of the year right now (Oh)
You know I know everybody here right now (Oh)
You throwin' rolex at my wrist right now
We'd only wanna, wanna feel right now

Aye, feelin' like the woman of the year right now
Ooh, ooh, yeah
I've done a lot of shit to be the shit right now
Hit it on my BC right now
Got it out to more, yeah, did it all on my own, it wasn't for ya (No)
Now we in LA, we gettin' money, take a shot for that
All about my business, stay focused, stay on top of that (Oh yeah)
I know a nigga callin', but he know it ain't comin' back (But you know you
ain't comin' back, no)
Been through hell and back, now I'm back, yeah
Said they loved me, they didn't have my back, yeah (They didn't have my
back)
They like to talk on money, chit-chat (Money talkin')
Got it on me, no, I never lie

Fuck around and go and put this pussy on his face right now (Ooh)
Savin' for the credit and go ahead and put it down (Go ahead and put it
down)
They know you fuckin' with a boss right now
He know I'm a queen, I'm gonna fuck him with a crown (Crown)

Ah, feelin'
Ah, I've been feelin' like the woman of the year right now, yeah
Ah (Hey, hey), feelin'
Be the shit right now (Hey)

Ah, feelin'
