

## SOLAR PANEL - 20W

The Nemtek 20W solar panel offers a renewable source of energy and is ideal for your solar needs. The solar panel harnesses the energy of the sun, stores it in the battery and then uses it when needed - so there are no monthly costs. The loss of power renders any electric fencing system useless. A solar powered backup system can insure no loss of power as a result of power cuts.

### Features:

- Cost- effective
- High module efficiency and stable power output
- Easy to install
- Strong frame

### Specifications:

Maximum Power (Pmax)	20W
Voltage at Pmax (Vmp)	18.3V
Current at Pmax (Imp)	1.11A
Open circuit voltage	23.2V
Short circuit current (Isc)	1.14A
Weight	1.9kg
Operating temperature	-40 to 85°C
Dimensions	435(L) x 356(H) x 30(D)mm
Cells	Multicrystalline silicon solar cell
Material	Heavy Duty Anodized Aluminium Frame
