

One of your favs but BETTER! REDO album PDF

### **Measurements: PART 1**

You will need (4) pieces of solid cardstock, we used a navy color.

#### **Base:**

(1) piece scored at 2", 9 1/2", and 10 3/8" ... then turn once and score at 9"

#### **Base:**

(1) piece scored at 2", 9 1/2", and 10 3/8" .. then turn once and score at 9" ( please note that in the video Maymay says 10 3/4" but it is 10 3/8")

#### **Angle Folder:**

(1) piece trimmed to 9" and keep the leftover, we will use it... this will leave you with a 9" x12" and 3" x 12"( save this piece for the closure later)

Take the 9" x 12" piece and score at 5 3/4" and 11 1/2" ... then you will go to the top of this piece and make a pencil mark at 6 3/4" then turn once and make a pencil mark at 5"

You will cut the angle for the folder using those marks

(1) cut at 7 1/8" and 4 1/4" ... then take the 4 1/4 x12" piece and cut in the middle at 6" for (2) pieces of 4 1/4" x 6" ( these will be photo spots)

Now take the 7 1/8" x 12 piece and cut on the 12" side at 8 1/2"

### **Measurements: PART 2**
