

About Us

Gentell is the largest vertically-integrated wound care company in the world. We provide efficient, affordable, patient-specific wound treatments to patients in nursing homes, hospices and other care settings. We employ clinical specialists around the globe to assist with treatment recommendations and provide education about the proper utilization of wound care products.

Ostomy Supplies

Why is Gentell Ostomy Right for You?

Over 30 years experience in patient-specific wound care, supported by a global team of clinical specialists, has been leveraged to develop and enhance our ostomy supply program.

Gentell Ostomy streamlines ordering for long-term care facilities, home health agencies, equipment suppliers and individuals.

High-quality supplies from a trusted manufacturer

Ostomy Supplies Made Easy

- A dedicated, ostomy-only order intake team processes requests promptly and verifies insurance coverage for all supplies.
- As a Medicare-approved provider, Gentell brings expertise in Medicare guidelines qualification criteria, and allowable services.
- We supply products to residents in long-term care facilities and patients at home, with convenient delivery options.
- Ostomy-specific warehouses ensure accurate and efficient order fulfillment.

We are committed to creating superior products and improving the lives of the customers who depend on them.

How We Make It Better

- Three layers of film in each pouch effectively controls odor.
- Noise is minimized during movement for discreet wear.
- Gentell's unique flexible hydrocolloid with aloe vera provides exceptional comfort for the wearer:
 - Aloe vera is blended directly into the hydrocolloid, allowing continuous contact with the peristomal skin.
 - As the barrier adheres, aloe is gradually released, providing soothing and moisturizing benefits - especially helpful for sensitive or compromised skin.
 - Because the aloe is embedded within the barrier, there is no residue and no interference with adhesion, unlike creams or gels.
- Our unique Ostomy Gel Maker transforms liquid stool output into a gel-like consistency, helping minimize leaks, protect sensitive peristomal skin, and simplify pouch emptying for greater comfort and confidence.

What to Expect

Discover a full range of ostomy supplies designed for comfort, protection and everyday confidence from a brand that has been trusted around the world since 1994. From advanced skin barriers with aloe vera to discreet pouching systems, our products are created to meet the diverse needs of people living with an ostomy.

A complete line of accessories enhances comfort and improves the effectiveness of the pouching system. Shop with peace of mind knowing you're choosing solutions backed by quality, the expertise of a certified ostomy nurse, and personalized customer support.
