

October Made It Society Peekaboo Card

Seeing as we are streaming on World Card Making Day I thought this would be a great way to celebrate. This is a card I have always wanted to try but haven't yet, sometimes I think cards look too complicated or sometimes they just seem to be too much work! I like simple! But for today, let's stretch ourselves, or me, you have probably already made this card style! This is what you will need:

Supplies

2 sheets of 8 1/2 x 11 or 12x 12 cardstock. Use what you like for card bases here.

Trimmer

Glue

Scissors

Pencil

Bone Folder

Scoreboard or trimmer scorer

Optionally:

Dies, simple shapes, rectangles, hexagons, circles, squares, ovals, nested is best so you can choose the size that fits your project. We will have a space that is about 2 1/2 x 3 1/2 to cut. So as long your die is in that space or slightly larger we are good.

Be sure to have your fav everyday crafting supplies too, you know, your cloth, your pokey tool etc.

This will be just a morning of building this card base. Then we will make them our own!

BIG ANNOUNCEMENT!

I will be participating in the Craft Roulette World Card Making Day Event this year. It is an amazing event with talented card makers from all over! We need your help...if you have ever thought of participating in Craft Roulette by submitting a card this is your time! We want to break records! We need 550 submissions and we have plenty of time to do it! Follow the link in the email to get more information about participating. Its free and there are great prizes you can win too!
