AUCTION TIME IS FRIENDSHIP TIME

Welcome to our 5th Platinum auction

At this time of year Bona Bona is a literal hive of activity to get everything ready for our highlight event, the Platinum Auction. We are again humbled by the positive response to our auction. It's taken many dedicated years to reach this point, but we would not have managed it without you.

So, please allow me to extend the gratitude of our whole family and all the staff, suppliers, partners and stakeholders of the Bona Bona community to you, our fellow game industry enthusiast and friend. You are the reason we are here today and we are so happy and *opgewonde* to have you here with us!

Over the years we've made a few promises about what to expect from our breeding programmes of especially our buffalo females, sables and naturally, our beloved wildebeest, as time goes by. Now it's your opportunity to buy into the promise that our carefully nurtured breeding herds can offer this year.

Play your cards right and you can become an owner of some of the most spectacular genetics and animals we've ever been able to offer on auction.

But it's not just about us. The impetus for the Platinum Auction is at its origin the desire to provide our whole community the opportunity to participate in an auction that we continue to work hard at to develop into one of our country's premier game breeding auction events.

This is thus an opportunity for us to also thank our valuable guest sellers for trusting us to provide an auction platform for them to benefit from. After all, you've always been there for us and we'd like to always be there for you too.

Enjoy the day here at Die Olifant with your family and friends from Bona Bona and beyond.

This kind of true *samesyn* is what it's all about, after all. We're sure you agree.

Best wishes on behalf of the Ernst Family
Pieter Jnr

If we look at how the industry "re-booted" itself over the last 4 years, we have seen that colour variations bring good returns at current purchase values and that male animals are in constant demand in the hunting industry. According to us, colour variations can now classify as exotic game, as their numbers are still the minority and will remain this way for a long time to come. - Pieter Ernst Jnr

A Kudu antelope is captured in a full gallop across a lush green savanna. The antelope's long, spiraling horns are a prominent feature, curving backwards and then forwards. Its coat is dark brown with a lighter, cream-colored underbelly and a distinctive white stripe running down its side. The background shows a vast, open landscape with scattered trees and distant hills under a clear blue sky.

A male topi stands in a savanna field, facing the camera. It has large, thick, brown horns that curve backwards and then forwards. Its coat is dark brown with a lighter, shaggy mane around its neck. The background is a blurred landscape of green grass and distant trees under a clear sky.

- 2) When goods are put up for sale by auction in lots, each lot is, unless there is evidence to the contrary, regarded to be the subject of a separate transaction.
- 3) A sale by auction is complete when the auctioneer announces its completion by the fall of the hammer, or in any other customary manner, and until that announcement is made, a bid may be retracted.
- 4) Notice must be given in advance that a sale by auction is subject to—
 - a) a reserved or upset price; or
 - b) a right to bid by or on behalf of the owner or auctioneer, in which case the owner or auctioneer, or any one person on behalf of the owner or auctioneer, as the case may be, may bid at the auction.
- 5) Unless notice is given in advance that a sale by auction is subject to a right to bid by or on behalf of the owner or auctioneer—
 - a) the owner or auctioneer must not bid or employ any person to bid at the sale;
 - b) the auctioneer must not knowingly accept any bid from a person contemplated in paragraph (a); and
 - c) the consumer may approach a court to declare the transaction fraudulent, if this subsection has been violated.

20. Where goods are put up for auction the following conditions apply to such goods:

20.1 Where the age of the animals are not specified, the animals will be regarded not to be older than 5 years and in a good and healthy condition.

24. The purchase price is payable by the Buyer to the Auctioneer via electronic transfer ("EFT") on the day of the auction ("the payment date") unless other payment terms and or means are agreed between the Auctioneer and the Buyer. The Auctioneer reserves the right to refuse any other method or means as payment. Payment by way of EFT will only be regarded as done as soon as the funds transferred reflects and are available in the Auctioneer's bank account.

ADDITIONAL RULES OF AUCTION

1. Wildswinkel's standard Rules of Auction will apply to all lots, unless in contradiction with any of the terms set out in these 'Additional Rules of the Auction'.
2. Live-Online Bidding (if applicable):
The Auctioneer conducts the auction utilising technology where prospective Buyers are not required to attend the auction but can enter bids remotely utilising the Auctioneer's online platform. Consequently, a prospective bidder may enter bids against individuals who are physically present at the auction and vice versa. In light thereof the Owner/Seller, prospective Buyers and Buyers expressly takes note of and agree to the following:
 - 2.1 The prospective Buyers and Buyers shall strictly observe the instructions from the auctioneer where bids are accepted from the attendees and online bidding platform.
 - 2.2 The prospective Buyers and Buyers and/or its representatives, as the case may be, shall take reasonable steps to ensure that he or she is connected to the internet.  - 2.3 The prospective Buyers and Buyers shall take reasonable steps to ensure that the feed on the online platform is frequently refreshed where it does not do so automatically.
 - 2.4 The prospective Buyers and Buyers and Owner/Sellers takes note and acknowledges that the auctioneer shall be entitled to close the online bidding for a particular lot prior to knocking down the hammer in order to take a final bid from the 'live attendees'. In the event where such bid was made and accepted, the auctioneer may, at its own discretion, reopen the online bidding for that lot to accept additional bids.

- 2.5 Once a bid is made it cannot be withdrawn.
- 2.6 Neither the Auctioneer, the Sellers' or the Auctioneer's representatives will be liable for any failure in connectivity or software while using the online bidding platform.
- 2.7 Neither the Auctioneer, the Sellers or the Auctioneer or Sellers' representatives will be liable for software failure of any nature.
3. Timed Auction (if applicable):
- 3.1 The provisions of the 'Timed Auction Rules' applies to all lots sold on the 'Timed Auction' and will prevail when in contradiction with the 'Rules of Auction' relating to a lot sold on the 'Timed Auction'.
- 3.2 All goods sold on the Timed Auction will be subject to a reserve price, which reserve price may be higher than the minimum starting price.
- 3.3. In respect of lots auctioned on the Timed Auction, the following additional terms and conditions will apply:
- a. Subject to paragraph 3.3(b) below, lots on the timed auction will close as per the specified date and time per lot as advertised on the online bidding platform, subject to an Extension Period. The closing of lots may be staggered.
 - b. In the event where bidding on a lot will close and a bid is received within 2 minutes of the published closing time, the time to enter a bid shall be automatically extended for an additional period, which period is customarily 2 minutes, but may vary from time to time (the "Extension Period").
 - c. A lot will not close if a bid is received during an Extension Period and shall automatically be extended for a further Extension Period. A lot will only close if a final bid on the lot stands alone for a period equal to the Extension Period. The lot will only close if a final bid on the lot is received and stands alone for a period equal to the Extension Period.
 - d. The "fall of the hammer" on a lot for the purposes of the timed auction is defined as the date and closing time published on the online bidding platform and/or the Seller's/Auctioneer's public websites, alternatively at the date and time a final bid on a lot stands alone for a period equal to the Extension Period, whichever occurs last.
 - e. All lots on sale on the timed auction will have a minimum starting bid price which will be indicated on the online bidding platform. Any bid above the minimum starting bid price will not necessarily be successful as the lot may be subject to a reserve price. Should the reserve price not be met, the lot will not be sold and shall be marked to be 'Subject to Confirmation (STC)'. Should the aforementioned occur it is advised to make contact with the Auctioneer as soon as possible to obtain instructions from the Owner/Seller to explore the viability of entering a transaction. This does not create any right of refusal nor does it impose an obligation on the Owner/Seller or the Auctioneer to enter any transaction.
 - f. The minimum bidding increment may vary per lot but is specified on the online bidding platform.
 - g. Once a bid is made it cannot be withdrawn.
 - h. Neither the Auctioneer, the Sellers' or the Auctioneer's representatives will be liable for any failure in connectivity or software while using the online bidding platform.
 - i. Neither the Auctioneer, the Sellers or the Auctioneer or Sellers' representatives will be liable for software failure of any nature.
