FOOTNOTES

¹ Pets not permitted in lie-flat cabin configurations on any carrier. La Compagnie is the sole exception: Business is its only class, and seats do lie-flat — however, with a pet carrier at the passenger's feet, the seat cannot fully recline to flat.

² United publishes no weight limit, but the carrier must fit under the seat and the pet must be able to stand, turn around, and sit comfortably. At least one ticket agent has required the pet to physically demonstrate a full in-crate turn-around.

³ La Compagnie reduced its in-cabin weight limit from 15 kg to 8 kg in October 2024 due to EU regulations.

⁴ La Compagnie carrier dimensions sourced from BringFido.com, May 21, 2026. La Compagnie's pet policy page was inaccessible at time of verification. Confirm directly with the airline before booking.
