

# Hello!

What a strange time we are living in. I hope you are keeping well. As most of us have our kids at home now for the foreseeable future, I thought it would be nice for them to keep a diary.

Jasper, my 8 year old, said it will be like Samuel Pepys during The great fire of London!

So, go ahead and print this file. There is an A4 version for younger kids, and an A5 version for those with smaller writing. I suggest leaving the back of the sheet blank for adding pictures or drawings. Print as many pages as you need.

Print on A4 paper or card, up to you. The A5 versions are on A4 format so you can print 2 pages at a time and cut in half. I will be sharing ways to bind it on my social media in a few days Search dorisandfred on insta

and dorisandfreddesigns on FB

You can stick the cover to some thin card/ or cardboard box. and get the kids to decorate their own with stickers, patterns doodles etc. I will share some ideas next week on my insta and fb. I love the idea of them decorating the margins like I used to do at school in the 80's!

I would love to see what everyone makes feel free to tag me or use the hashtag #dorisandfred on instagram or facebook.

## PLEASE NOTE:

This file is free to use but it is my own design. ©dorisandfred and this business is my sole income so please credit me where possible and DO NOT SELL IT.

I retain all copyrights.

Feel free to share the link anywhere and everywhere and print as many copies as you like.

STAY SAFE
