Latest Case Studies

Hot Tapping

Our Hot Tapping Services were requested by PwC, the second largest professional services network in the world, based in London.

We were asked to supply and install several hot taps on the flow and return chilled water pipework.

Welcome to our Q3 2023 Newsletter

As the weather is hot hot hot, we've been very busy with more and more Air Conditioning projects, including just finishing East Surrey Hospital NHS.

Please read our case studies with PwC, NHS and Pongees.

Enjoy!

Ian Wilford
Managing Director

We maintained our **Approved Contractor** status

NEW We are a **Mitsubishi Accredited Installer**
