Summer 2026

Collecting with intention.

This season, we celebrate the idea of collecting with purpose. Keepsake is about building a home around pieces designed to last—objects to be used, displayed, and passed on. Whether it's a hand-painted serving bowl, a travel cup that goes wherever life takes you, every item in this collection is made to live with you through the years. The considered colour palette encourages mixing and matching across ranges, allowing you to build your own collection over time—piece by piece.

OUR HISTORY

Our family have been immersed in the world of pottery for 80 years. Creating with clay since 1945, we are a family business fired by passion, knowledge, and imagination. We craft pottery with a uniquely Australian spirit to be loved and enjoyed for years to come.

In 1945, June Dyson began her pottery with husband Colin Gordon. Called Dyson Studios, the pottery was set up in the bayside suburb of Black Rock, Victoria. June was somewhat of a renegade in the industry. She came from a hugely creative family and was encouraged to pursue the arts from a very early age. It took tenacity and drive to run a pottery that provided for her family, Colin and June managed this until they both retired in the late 1980's. June and Colin went on to provide for six children.

The year 1978 saw their youngest son, Robert 'Andy' Gordon break away from the family pottery business and begin his own dream with his English wife Barbara. They set up a small pottery in a tin shed on the property in Gembrook and called it the Pack Track Pottery. By the 1980's, The Pack Track was Gembrook's largest local employer, selling wares all over the country.

It had finally outgrown its space and the pottery was moved from the small township to a large purpose built headquarters in Pakenham. By the 1990's the pottery had developed into a large production

pottery, employing over 35 staff. From supplying wares to Sunday tourists at the St Kilda markets, to providing some of the world's most reputable retailers and restaurants with quality ceramics, those early years spent as a studio pottery means we still place enormous importance on the craft.

In the late 1990's, Barbara and Andy's children Hannah, Kate and Sam joined the pottery. Ten years later, eldest son Bobby came on board. In order to keep up with the times and demand, Robert Gordon not only became a manufacturer of bespoke Australian Made pottery, but an importer too, designs dreamed up at our Pakenham HQ are sent off-shore to be made into the collections we are so proud of.
