Spring/ Summer 2020

Year in Review

2020 has been a challenging year. With a pandemic sweeping across the World, it has pushed us to think outside the box and change our approach to design and development. Despite these difficult times, we hope that our current ranges can help celebrate a new season, bringing joy and a sense of calm with them.

Jumbled x RGA

This year we had the great privilege of working with the team at Jumbled to develop an exclusive collection of dinnerware. With designs created by Jumbled's Pip and Jess, and hand painted by us, it was a true collaboration.

Studio Workshop

As a family of potters we are eager to share our knowledge of the craft. This year sees the opening of our Studio in Pakenham. Pottery classes, and our already established 'Paint your own' workshop, will be available to customers wanting to grasp the technique of wheel throwing and discover new skills.

Cast Lighting

Our Australian made basins have been a huge hit, and after much demand, we have now added lighting fixtures to the range. Say hello to the Cast lighting collection - in two different shapes and two sizes. With a classic, timeless silhouette - our reactive glazes and new clay finishes add character to these iconic shapes.

LOTION BOTTLES

Introducing the world's most beautiful, refillable ceramic pump bottles* - If you have to pump, why not do it in style?

*according to us....

WATTLE

Growing up in Gembrook in the foothills of Victoria's Dandenong Ranges, our family loved the bush and in particular the sight and sweet smell of the flowering wattle trees that appeared each Spring. 'Wattle' is inspired by that magical Australian scene and the golden flowers that remind us of home.

Designed in Australia. Handpainted and made in China.

ART SERIES

Designed in Australia. Handpainted and made in China.

"My first passion was painting. It still is. I'm inspired by the abstract expressionist movement; the wonderful playfulness between light and shade and its random use of colour. It was a pleasure to personally work with the glazing team to design each mug. We used individual brush strokes, leaving the exterior of the mug raw and unglazed to celebrate its handmade imperfections. I hope you love this limited edition as much as I love painting." - Robert Gordon

THE PAINTER & POTTER

Australia's favourite artist David Bromley and cherished potter Robert Gordon collaborate to bring you this collection. Bromley's iconic paintings of whimsical butterflies, birds and children come to life on our beautifully crafted ceramics - all collectable pieces for every Australian home to love.

GARDEN TO TABLE

The love of the backyard lifestyle and all things homegrown has inspired our Garden To Table collection. The natural clay body with flecks of iron add charm, with subtle variations all part of the handcrafted process. May each piece inspire you to grow and enjoy your garden, however big or small.

A still life photograph featuring three ceramic items on a light grey surface against a matching background. In the foreground, two mugs are positioned: one on the left with a white upper half and tan lower half, and one in the center with a tan upper half and tan lower half. In the background, a white ceramic bowl with horizontal ridges is filled with green leafy vegetables, with a dark blue spoon resting inside. A large, empty, light tan ceramic bowl sits to the right of the bowl. The lighting is soft and even, highlighting the textures of the ceramic and the freshness of the greens.
